

PARENT-TEACHERS HOLD MEETING

Professor De Busk, E. E. Morrison, and R. Hyland Address Parents and Teachers.

The Parent-Teachers meeting held last Thursday evening in the high school building was well attended and an excellent program was rendered.

The meeting opened with a piano solo by Mrs. Irma Wilson Shonts. Wilbur Hyland of Eugene gave a short talk on the War Saving Stamp drive and the meaning of the Thrift Stamp. "Thrift means economy, to increase your wealth," said Mr. Hyland, "but you can economize too much. Thrift does not mean economy alone; it means not wasting what we have, or, in other words, good management. Our government needs money now, and it has called on us to furnish it. By loaning this money now we are preparing for hard times which always follow such prosperity as we now have. In five years we can realize on the war saving stamps we buy now, and we will need the money then. Our government needs it now to maintain its existence, and we will need it five years from now."

Professor H. W. De Busk of the University of Oregon spoke on the subject, "Be Physically Fit." "The American people are killing themselves off by eating too much food. The man who works hard needs more food than the man who does not work so hard. But every person can save one-third of which he now eats and be the better for it. Do not try to mix up fancy dishes. Instead, study just what you need to eat and stop eating when you have eaten it. A man should eat to turn out work," said Mr. De Busk, "not to see how much he can eat."

"Physical unfitness among school children is caused not only by over eating, but by many defects which could be remedied by a school physician. Defective teeth and eyesight are two of the worst troubles. In the schools of Oregon today there are 150,000 pupils, 41% of which are a year behind where they ought to be. It costs the people \$30 every time a pupil repeats a grade. If this money were expended in keeping the child physically fit to advance as it should the taxpayers would be the gainers in the end. We are facing a problem of physical unfitness among our soldiers now due to neglect in childhood, and we should not let it happen again."

Miss Jean Fischer rendered a vocal solo, accompanied on the piano by Joe Clark.

Mayor E. E. Morrison gave a short talk on war gardens. "The backyard garden is the one that is going to count," said Mr. Morrison. "In these backyard gardens the people are going to raise the vegetables for their own use and this will enable the big truck gardeners to produce food-stuffs for the army alone. Care should be taken in selecting not only the vegetables which will be of most value to you, but vegetables which will grow in the soil of your gardens. Beans will grow in almost any soil. Potatoes are also a good crop. If we all do a little," said Mr. Morrison in conclusion, "it will amount to something big in the long run."

The meeting closed with a vocal solo by Mrs. W. L. McCulloch, accompanied by Mrs. A. B. VanValzah.

A new secretary and treasurer will be elected at the next meeting.

Lad Loses Three Fingers.

Kenneth Farrier, the 8-year-old son of S. B. Farrier, from up the McKenzie, had the first three fingers of his left hand amputated at the Mercy hospital Saturday following the explosion of a dynamite cap held in his hand. Kenneth had secured the cap, which his father had for use in blasting stumps and was poking at it with a nail when the explosion occurred. The father and S. F. Stiers brought the lad to Springfield from Lawler, on the Oakridge branch, where the accident occurred about 11 o'clock Saturday evening.

Here From Seattle

Mrs. H. L. Gibbs of Seattle is in Springfield in response to a telegram from Mr. and Mrs. F. W. Strublin of this city announcing the death of their infant son, Stanley Lamar. Mr. and Mrs. Gibbs formerly lived in Eugene but have recently moved to Seattle where Mr. Gibbs is holding a responsible position as train collector.

'TIS FREEDOM'S CALL—LEND YOUR ALL

—Florence B. Hoyt, Portland.

This is Oregon's official slogan—'Tis Freedom's Call; Lend Your All. Defend yourself. If you can't go across to fight, you can do the next best thing by investing in Liberty Bonds to keep your boy—your neighbor's boy—on the firing line.

To Protect Your Country
To Perpetuate American Freedom
To Keep the Demon Hun From Your Door.

We can't act too quickly. The danger is imminent. We will be tardy at best. Don't stop to think, any more than you would stop to think whether to strike back if you were threatened by an assassin.

Will you jeopardize your liberty by failing to do your duty? He who hesitates is most assuredly lost. All that your forefathers fought and died for is lost. All that the patriots of '65 fought for is lost. This is your great opportunity. Use it and Take your place as a real American.

FIGHT, BUY OR SHOW WHY

That's What We're Up to in the Third Loan.

THE HUN GOES MARCHING ON AND AMERICAN BOYS BLEED WHILE THE TIGHT WADS WAVER.

It's up to this—fight, buy or show why!

Every American who can afford to buy a Liberty Bond will be expected to buy.

If he refuses, the searchlights of public opinion will be so turned upon him that he may be put into the position of having to explain why he denies the government the use of his surplus money, if the plans of the National Liberty Loan headquarters at Washington are carried out.

Information regarding the standing of every individual, his worth, his income, his Red Cross activities, amounts which he has subscribed to the First and Second Liberty Loans, war work which he has done, his patriotic attitude, and other details, will all be carefully listed on a questionnaire which will be kept on file by the government.

Questionnaires, prepared in Spokane for use in Eastern Washington, contain 34 questions. One has to be filled out for every man, woman and child above 15 years of age. Among the inquiries were, nationality, present occupation, name of employer, other trades or occupations qualified in, Liberty Loan subscriptions, earnings, Red Cross war funds, Red Cross members in family, miscellaneous war donations, war activities engaged in, patriotic attitude, general reputation, opposition to war work, if any.

Considering the fact that Oregon's percentage appears to be rather low in comparison with other federal districts, the local Liberty Loan Committee feels that it may be necessary to adopt some such means here of reminding the people that they must do something to save the reputation of themselves and their state. Cards are now being prepared. The information for these cards will be gained by the captains of the different city precincts, after the cards have been assigned to their proper districts by postal employees. In the rural districts over the state, the work of indexing the inhabitants has been going on for some time.

Authorization for obtaining the information comes from Washington. When the system is finally complete, and when Uncle Sam makes the acquaintance of all his citizens and knows their means and their obligations, then John Jones must be induced to make him a loan or be able to give an excellent reason why.

OREGON OFFICIAL SLOGAN

The prize winning phrase was won by Florence B. Hoyt of Portland. It is used in all advertising of the Third Liberty Loan in Oregon. Many of the other slogans from all over the state are used in connection with the cartoons being run by the Oregon press. Oregon writers and illustrators have all donated their best services in aid of the Third Liberty Loan.

PUT IRON IN OUR SOULS!

The Spirit of the First Line Trenches Needed in Loan Drive.

"A little more iron in our souls," was the appeal made by Life Young in Des Moines recently, "a little more of the spirit of our soldiers, a stimulus that will give us a relentless and undying determination to wipe the Hohenzollern monster from the face of the earth."

American people are noted for their complacency, their seeming willingness to enjoy the fruits of their prosperity, leaving to others the task of fighting their war for them. They do not stop to realize the enormity of Germany's crime and the intense seriousness of the present world war of self-preservation, the supreme test of our manhood and our civilization.

Our soldiers are doing their part, but says Mr. Young, "how pitiful are Red Cross contributions, Liberty Bonds and Y. M. C. A. gifts compared with the sacrifices and sufferings of our soldiers. We have comfort, happiness, the ties and affections of home. But they, like immortal Alan Seeger, have their rendezvous with death."

"We are proud," he continues, "that America has met her duty, true to her best traditions. And may God grant that those of us at home fall not in one single obligation to our soldiers, to our Allies, to our country!"

BE NO SLACKER; BE A BACKER

In the Twilight Zone of War Financing.

FOR THE NEED FOR PROTECTION IS GREATEST WHEN EVENING APPROACHES AND THE WORKER TENDS TO REST.

(By John W. Kelly)

Upon a time there was a farmer whose sheep were threatened by coyotes, so he decided to protect them at night with a high, tight fence. All day he labored and when evening approached it was almost, but not quite, completed.

The farmer was fagged, twilight was approaching and instead of nailing up the remaining boards he drove in the sheep and decided to take a chance. In the morning he discovered the ravages caused in the flock by the enemy marauders; the fence he had built for protection was no protection, because when twilight came he failed to finish it.

Don't permit your patriotism to succumb to the twilight zone!

In the twilight there is a slacking of industry, a tendency to take things indifferently—to loaf.

Having performed a good day's work, twilight finds a man tired of the heat and the burdens, ready to rest and congratulate himself on his accomplishments.

The Third Liberty Loan is in the twilight zone of war financing.

Twice have the people of Oregon labored indefatigably and accomplished a great work in over-subscribing the state's allotment.

Now comes the real test—now is to disclose whether they still have the vigor and patriotic strength heretofore displayed.

It remains to be seen whether they will consider their duty performed and are content to slacken, to take things indifferently, to loaf on the job of patriotism.

After a day in the fields it requires spunk and pluck to tackle additional work in the twilight. The man who determines to press the labor a little further—to make a real finish to the day's stunt, is doing something for himself. And so is it with those who have helped in the previous bond flotations. There is a bit more to do before turning in; a little more exertion and patience and drain on the resources.

But if patriotism is not lulled into indifference of the twilight, the fence of protection will be completed.

Take no chances. Every bond is a board in the fence to keep out the Hun coyotes.

It's part, but don't repeat. Help in Germany's defeat.

HINTS ON EYESIGHT

If you have frequent headaches, if you see distant objects clearly, but painfully, or need to hold printed matter nearer to or further from the eye than formerly, or need more light—if you have observed these things, your eyes need the help of correctly made glasses to assist as well as preserve your sight for greater efficiency. Accurately fitted glasses are only possible when the sight has been scientifically tested. We have every facility and long years of experience and study for doing this and exercise the greatest care so that you may receive the utmost benefit from wearing glasses. All work guaranteed.
