There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo O. Sold by Druggists. Take Hall's Family Pills for constipation.

Red Cross Asks for 100 Million

Week of May 20th Has Been Designated as Date for Drive.

Shortly after America's entrance into the world conflict the American Red Cross, through its war council appointed by the president, asked of the American people one hundred million dollars, as their first contribution to the war fund. That war fund had been decided upon as necessary to carry through the broad plans of European and American war relief on the scale that their need justified.

The money contributed at that time will have been all expended by early this summer and the accounting of this expenditure, audited by the government, has been given the widest publicity.

In order that this tremendous work of humanity may be carried on the

president has designated the week of May 20th, 1918, as Red Cross week, during which the public will be appealed to for another hundred million dollar contribution.

Every means will be taken during that week to inspire and stimulate the public to give generously to this great need. It is as much a matter of patriotism as the support of our army and navy. The local chapters in every community will seek to canvass each individual.

WHY IS OREGON'S Self Appointed Boss Afraid of Stanfield?

R. N. Stanfield.

Believing that the Republican voters of the state of Oregon would not look with favor upon Oswald West naming the Senatorial candidate for the Republican party.

And inasmuch as I have received many thousands of letters and other assurances from the Republican voters assuring me of their support, I must respectfully decline the proposal of Mr. West that all other candidates withdraw and give a clear field to C. L. McNary.

I feel that I have the confidence of the Republican voters and the people of this great state that I will serve them honestly and efficiently as a Senator and at this critical time they are inclined to support a man from the business walks of life.

Oswald West has heretofore asserted that he only desired to be a candidate that he might oppose me if I should be successful in defeating McNary in the primaries.

His interference is intolerable to me, as I believe it is to the Republican voters of the State, and I will welcome the opportunity to oppose him in the general election if he should be successful in defeating his Democratic opponent, Mr. King.

R. N. STANFIELD.

Mr. Stanfield makes the above reply to the proposal of Oswald West that all candidates for senator withdraw in favor of Mr. West's candidate. The whole activity of the Democratic machine in attempting to stem the tide of dissatisfaction against their candidate now in the senate is laid bare in this last supreme attempt of Mr. West to bolster up a forlorn hope.

The question is do the people and the Republicans want this sort of bossism in Oregon, or do they want 100% Americans and 100% Republicans such as Mr. Stanfield, a successful, energetic, patriotic self-made man whose every act has added to the progress and growth of Oregon, a man who gets results, accomplishes something, who has worked and knows how to work, and who will work.

Stanfield is 100% American and 100% Republican and he would support the President in winning this war.

Which do you want? A man who can stand on his own feet, or one who cannot?

Paid Adv. by Stanfield Senatorial League, 203 Northwestern Bank Building, Portland, Oregon.
