There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.

Mrs. Bessie Tripp of Eugene, who formerly lived in this city, was in Springfield Tuesday. She visited at the J. J. Browning home.

Home Economics Study Club Meets

Ladies Discuss "Sugars and Fats" and Conservation of Wheat Flour.

The subject discussed by the ladies of the Home Economics Study Club of Springfield, which met last Friday afternoon at the Lincoln building, was "Sugars and Fats."

Mrs. June Korf gave a paper on sugar, which showed the necessity for the use of sugar at the front and also at home. Sugar makes energy and energy is absolutely necessary for our soldiers. As, therefore, they need sugar so much more than we do we should economize and use substitutes. A great saving in sugar could be made by substituting syrups, honey, fruit juices and raisins, and fruit sauces, instead of being preserved and thickened with sugar, could be thickened with flour. These sauces would be just as good as the others and far more economical.

Miss Anderson, domestic science teacher at the Lincoln building, spoke on "Sugar and the Conservation of Flour." She told of the great need of these two staples for the boys in France and how great care must be taken that the present supply of both may last until the next season's supply is ready for the market. We must pledge ourselves as near sugarless and wheatless as possible now, or we may have to go entirely without them for awhile. Householders who are obliged to use wheat should not use more than 1 1/2-pound of wheat flour, or prepared wheat in any form, per person per week. This includes the wheat flour in Victory bread and the wheat flour or prepared wheat in crackers, pastry, macaroni, breakfast and other foods. Householders in cities and towns may not buy more than a quarter of a barrel of flour at any one time. Householders in the country may not buy more than half a barrel of flour at any one time. No purchaser should have more than thirty days' supply on hand. Each person may have three pounds of sugar per month. All kinds of food, especially wheat, meats, fats and sugar should be economically used.

These regulations were sent from Washington D. C., April 3, 1918, but are subject to change at any time.

During the business part of the meeting six new members were enrolled, making a total of twenty active members. Mrs. Joe Lusby handed in her resignation as chairman of the club, and Mrs. June Korf was elected to serve in the place.

No subject was given for the next meeting, which will be held at the Lincoln building May 17, because Miss Ruth Corbett will give demonstrations of labor-saving devices for the home. Among these devices will be a home-made freless cooker and a home-made iceless refrigerator.

Miss Jane Lindsey instructor in the Springfield high school, spent the week-end with friends in Albany.

WILL RESIDE IN PORTLAND

Former Springfield Barber Employed in Shipyards

Mr. and Mrs. William Bishop left Eugene Saturday for Portland where Mr. Bishop will be employed in the shipyards.

They were former residents of Springfield, Mr. Bishop having been in the barber business here for a number of years after which he formed a partnership with George A. Dorris and delivered milk in this city. Last fall he sold his interest in the dairy to R. C. Rush and has since been living in Eugene where he was employed in a barber shop.
