Proper Food for Weak Stomach

The proper food for one man may be all wrong for another. Every one should adopt a diet suited to his age and occupation. Those who have weak stomachs need to be especially careful and should eat slowly and masticate their food thoroughly. It is also important that they keep their bowels regular. When they become constipated or when they feel dull and stupid after eating, they should take Chamberlain's Tablets to strengthen the stomach and move the bowels. They are easy to take and pleasant in effect. adv.

HIGH SCHOOL NOTES

By Beatrice Holbrook.

The Junior class is having secret meetings after school almost every night. Some way it has leaked out that they are to have a class play as soon as it has been practised sufficiently.

Last Friday Springfield high school was well represented in the domestic science department at the fair in Eugene. Miss Anderson and several of the high school girls in her department went to the fair to arrange their exhibits. Hazel Hayden won a prize for her "war bread" and one for her "war cake without icing." Jean Fischer won a prize for a child's pinafore.

The Junior Red Cross of Springfield has been very successful under Miss Anderson's supervision. They have made many wash clothes, squares for

convalescence quilts, etc. The prizes won were: First prize on patching and darning, first prize on Red Cross work, first prize on layer cake without icing, second prize on war bread, first prize on refugee garment, second and third prize on cartoons, first prize on budding and grafting, second prize on general school exhibit.

The senior invitations have arrived, a week before they were expected, and now every senior is snooping around hurriedly for stamps.

The physics class was not held last Friday afternoon, owing to the illness of the instructor, Miss Helen Withycombe.

Some of the high school boys have been getting free exemptions from class attendance lately. We hope they enjoy them.

The members of the senior class have been working hard and searching mental inventories this week in order to find something worthless to

will to those who are not so fortunate as to be graduating this year.

If any one wants to know the reason for the five smiling faces—one boy and four girls—at school every morning, let him go up to Miss Lindsey's room and see. The German IV class has disbanded.

Miss Lindsey, in English VI: "I wish Ben Davidson would come back; our light is almost out."
