U. S. INSPECTORS TO REPORT PLANT DISEASES.

The government has appointed men to inspect shipments of fruits, vegetables, etc., arriving in 23 leading cities of the country. When these inspectors detect the presence of plant diseases in any shipment this fact will be reported back to the community where the diseased products were grown. The inspectors are trained to detect signs of important disease and rots, and will notify the County Agricultural Agent of the district in which the shipment originated, in cases where serious diseases, rots, or bad handling practice is discovered.

The county agents, or other government representative in the local district, will in turn notify the growers of the nature of the trouble and how to minimize future losses due to it. This information will enable the producers to grow a better grade of produce, protect it from disease and insect injury, and harvest and pack it in the best way. It will also prevent the shipment of unmarketable stuff, saving cost of transportation and releasing tonnage for more valuable material.

SLOW UP ON MEAT

Don't forget to slow up on the meat again. The reserve supply is being rapidly exhausted, and with no more food animals coming into the market at this season, we may soon be up against the meatless day once more. Mr. Hoover warns, unless we check up on our steaks and roasts. Cut down your meat consumption at least one third, and save the pork and the beef particularly. These can be shipped the most conveniently. Lamb, mutton, chicken and fish are the meats for good Americans.

WHEAT CRISIS ACUTE

Today the wheat crisis abroad has grown most acute. This is the far end of the cereal supply—the last few months before the new harvest. The Allies' home is at its lowest. Their need for outside help is at its highest. The Allies cannot hope to meet the crisis on the first line trench unless we assure them help in the food crisis that threatens their rear guard of brave men, women and children left behind to build ships, make munitions and prepare clothing for those at the front.

DIVIDE WITH UNCLE SAM

Even if there's only a little wheat in it, don't eat that extra slice of war bread. Every ounce counts, and Uncle Sam is in the market to buy back every pint of wheat flour you can't use. How's the stock in your pantry? Enough to divide with the boys at the front? If so, get in touch with your county food administrator, who will tell you how to make the "divvy." Your money back, if you want it, and thanks from Uncle Sam.

Road to Happiness

Be amiable, cheerful and good natured and you are much more likely to be happy. You will find this difficult, if not impossible, however, when you are constantly troubled with constipation. Take Chamberlain's Tablets and get rid of that and it will be easy. These tablets not only move the bowels, but improve the appetite and strengthen the digestion. adv.

OFFICIAL COUNTS FOR NOMINATIONS ARE NOW COMPLETE

Continued from page one.

Democrats, both in the state and county elections, had but a few candidates and not a complete ticket, many of the Republicans were voted for. Following is the vote on the regular nominees:

For National Committeeman.
W. H. Hornbrook 625
J. W. Morrow 259
For U. S. Senator.
Will R. King 253
Oswald West 714
For Governor.
Walter M. Pierce 572
Harvey G. Starkweather 266

There was a very scattering vote on the other offices, there being no regular Democratic nominees. Most of the Republican candidates received several votes each.

Following is the vote on county offices, for the regular nominees:

For Sheriff.
George F. Croner 338
D. A. Elkins 529
For Coroner.
Marion Veatch 844
W. W. Branstetter, the Republican candidate for coroner, received 15 votes from the Democrats.

For treasurer, Mrs. B. Van Valzah of Springfield, received the nomination, although her name was not printed on the ballot. She received 82 votes, while Edna Ward, the Republican nominee, received 54. Ben F. Keeney, another Republican candidate, received 21 votes.

For county commissioner, Welby Stevens, of Springfield, was nominated, 121 Democrats writing his name in on the ballot. M. H. Harlow, the Republican nominee, received 30 votes, J. A. Holcomb 11, and W. K. Wise 10.

Hollis W. Libby, the Republican nominee for county surveyor, received 33 Democratic votes.

H. L. McKee, of Florence, and T. O. Russell, of Eugene, received the Democratic votes as regular nominees for representative and Allen Eaton, one of the Republican candidates, who was defeated by his own party, will appear as the third nominee of the Democrats if he chooses to accept it. He received more votes than either McKee or Russell.

While the primary law states that a candidate must take a pledge that he will not accept the nomination at the hands of the opposing party, the attorney general has given his opinion that the law does not provide a method whereby the candidate can be compelled to keep the pledge, the matter being left to the candidate's conscience and the way the people voted.

HIGH SCHOOL NOTES

By Beatrice Holbrook.

N. A. Baker, principal of the Lincoln school, is acting as principal at the high school in Mr. Kirk's absence. Mr. Baker was elected superintendent of the Springfield schools for next year.

The students and faculty of the Springfield high school extend deepest sympathy to Edna Duryee in the death of her father who passed away Monday evening. The funeral took place at the Methodist church yesterday afternoon.

At the first of the semester 135 were enrolled in high school and last week there were about 65 absent. Almost all the 65 had measles.

Last week the Sophomores entertained the Freshmen with a hay rack ride and picnic to Seavy's ferry. A large crowd attended chaperoned by Mrs. Shontz, Mr. and Mrs. Earl Stewart, and Miss Bertie Bruce. They report a glorious time.

The largest senior class in the history of the school will graduate this year. Twenty-six young people will receive diplomas June the fourteenth.

It is amusing to note the number of girls compared to the number of boys. There are 21 girls and five boys.

Four from this class are in the service of Uncle Sam: Glen Woolley, Ray Bally, Albert Beare, and Lester Hill. Another girl who was a member of the class was Elva Lewis who passed away in April.

The seniors have selected their motto, flower and colors. The flower is the "tiger lily." The motto is "B2."

The colors are yellow and blue. The shades selected are usually called robin's egg blue and canary yellow.

The seniors expect to give a fine class day program at the high school Thursday, June 13 both afternoon and evening.

The seniors have been invited to the annual reception given by the Junior class in their honor. Mrs. Carl Fischer of Emerald Heights has offered her home for this event.

Friday evening the Juniors gave a play in the high school auditorium. The "Unsympathetic Mother" was a farce on a daughter who would rather go picnicking than work.

"Dr. Cure-All" was very amusing. It called forth howls of laughter especially when the Doctor lost his mustache and when some were too well cured and were too thin or too fat or too tall or too short.

The orchestra lent its talent to the Juniors with one number by the entire orchestra and a solo by D. J. Beals, a solo by Lynol Stratton and a duet by Mr. Beals and Ray Alexander. Maud Gorrie rendered a beautiful piano solo.

"The Courtin'" was also amusing and well received.
