

"BROWN AS A BERRY"

That's the way you're apt to be when you return from your vacation or outing. Most people are proud of this evidence of a good time—but there is danger in neglecting to care for a sunburned skin.

Go ahead and enjoy outdoor life all you can—it's a health help—but before and after exposure to the sun's rays use

Ketel's Witch Hazel Almond Cream

This cream is free from irritating qualities and is readily absorbed. It is a healing agent, a skin food and a tissue builder. Its use will keep the skin soft and white and free from sunburn, tan and freckles.

Keep a bottle of Witch Hazel Almond Cream on your toilet table, and use it regularly.

Exact Heat Regulation at the Turn of a Valve

BELL THEATRE

SUNDAY, SEPTEMBER 29.

The KAISER

"The beast of Berlin"

The kaiser is coming—but in chains. Imprisoned in seven reels of patriotically designed celluloid, "The Kaiser, the Beast of Berlin," the wonderful seven-reel Jewel production, will arrive in Springfield Tuesday for a one day's engagement. This stirring photoplay, which has been used in Chicago, New York, Kansas City, Atlanta and every large city in the United States for Liberty Loan drives, Thrift Stamp campaigns, Red Cross appeals, etc., will be shown at the Bell Theatre. An augmented orchestra will play a score specially arranged for this production.

"The Kaiser, the Beast of Berlin," is in seven reels, and recently was completed at Universal City, Cal., after six months production.

The picture shows the kaiser to be a war maniac, drunk with power, and possessing an insane desire to place the world under German rule. From well-known authorities and their writings personal characteristics of the German ruler and interesting, yet brutal, incidents of his life, have been woven into an absorbing story which for the most part is laid in Belgium and Berlin.
