

Catch That Cold

When you notice the first symptoms of a cold you should make an effort to check it before it becomes serious. In other words, you should catch the cold before it catches you. Keep

Penslar Laxative Cold Breakers

on hand ready for immediate use. If taken in time, it will check a cold in twenty-four hours and prevent more serious complications which are apt to result if it is neglected. It is pleasant to take and in no way harmful.

Gas Range Canning Saves Fuel-Time-Money

—Now—with the canning season at its height and the necessity for canning greater than ever before—you will particularly appreciate the many advantages of the Gas Range as an aid to food conservation.

Exact Heat Regulation at the Turn of a Valve

—So essential to the making of good canned vegetables and fruits, is the proper heat during cooking. A twist of a valve instantly gives you the desired flame when you can on a Gas Range. There is no spilage through scorching and boiling over when a little care is exercised.
