

The Present-Day Standard of Prescription Service

The standard of prescription compounding is constantly improving. Scientific methods and equipment make it possible. Your medicines will always be right if you bring prescriptions to us. Our prescription department is so organized and conducted that it supplements the efforts of the physician.

An up-to-date equipment, the use of assayed drugs and the employment of experienced, graduate pharmacists insure perfect service.

So we guarantee purity, accuracy and reasonable prices when your prescriptions are compounded here.

STATE FURNISHES RELIEF

Legislature Appropriates \$100,000 For Emergencies Arising Out of Return of Soldiers and Sailors
Salem, Feb. 22—After a particularly stormy career in the senate, the soldier's relief bill, providing for an appropriation of \$100,000 for emergency relief to returned soldiers, sailors and marines, finally was passed in both House and Senate today and became a law upon its approval shortly after by Governor Withycombe.
After having passed the Senate yesterday with an amendment providing that soldiers should furnish such personal data to the soldiers' relief commission as that body should demand, the bill was halted in the House, where members refused to concur in the Senate amendment. House members branded the amendment as an insult to the soldiers and to the House.
A conference committee of both houses recommended the elimination of the objectionable amendment, and their report was adopted without further debate.

Cured at a Cost of 25 Cents
"Eight years ago when we first moved to Mattoon, I was a great sufferer from indigestion and constipation," writes Mrs. Robert A. Wilson, Mattoon, Ill. I had frequent headaches and dizzy spells, and there was a feeling like a heavy weight pressing on my stomach and chest all the time. I felt miserable. Every morsel of food distressed me. I could not rest at night and felt tired and worn out all the time. One bottle of Chamberlain's Tablets cured me and I have since felt like a different person."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
