BORN OF WAR

It is difficult yet to value accurately or in some instances to perceive all the war has brought to our national life or pruned from it. The things we think little now may appear to posterity the greatest. The Thrift Stamp idea seems to be one of these. Originated as a war emergency measure, it has taken hold; has appealed to the common sense of America, and may yet shape the destiny of the nation.

It is patent, now that the war is over, that the Thrift Stamp has come to stay. If we get nothing else out of the war but the habit of saving, which begets the corollary simple living, we will have reaped the full fruit of the war. For a thrifty democracy is a firm democracy, a potent democracy, a democracy strong enough to preserve itself.

A man who saves is a better citizen than the man who does not save. He becomes a stockholder in his government and he is jealous for the welfare of that government in war and in peace. In war he will fight for it with his life. In peace he will protect it from those who would tear down.

As America saves from this day on so shall she grow in benign power and in the eyes of mankind. "A bank account for every American citizen" should be one of our national slogans. The Thrift and War Savings Stamp idea is freighted with a mighty charge for the better in our national life.

The Thrift Stamp is backed by the United States government. Without doubt it is the greatest investment ever offered and it is in such a form that every American, big and little, can take advantage of it.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
