

**"Little and Often Fills the Purse"  
Is Our Price Proverb**

We believe in the policy of large sales and small profits instead of small sales and large profits.

While we emphasize quality in every department of our store, we also protect your interests in the matter of price. We afford an economy that consists in getting the best goods at lowest possible cost.

The fact that we buy for cash and discount all bills enables us to sell at a close margin. Quality goods, Superior Service and Fair Prices is what we offer.

Trading at our store will prove a real economy as well as a pleasure.

"I offered Dorris \$50,000

Said Frank De Pue.

"But you didn't have \$50,000

"I know it," says De Pue.  
"But wasn't it a fine offer?"
