VICTORY LIBERTY LOAN.

Propaganda did not end with the signing of the armistice. The German secret service is supposed to have ceased operations, but there is an insidious, devilish sort of antagonism to the loyal duty of American citizenship that is seemingly actuated by the same spirit that was behind the German activities in the early part of the war. Reports are being circulated by word of mouth that the Victory Liberty Loans are to be issued only in large denominations; that the interest rates will be unattractive, and further equally ridiculous statements calculated to make more difficult the subscription of quotas.

To the ordinary mind the origin of the unfounded stories which are injurious to the cause of the nation is beyond understanding. But it is also a matter for reflection why so many apparently good citizens are misled to repeat unfounded rumors reflecting upon the integrity of their government. The lessons taught by the experiences of the last four years should not be forgotten too readily. The Victory Liberty Loan is the financing of the war by the United States. It is to provide the money for the last war obligations of our government, and every American citizen should realize that the interest rate is adequate and that the security is the best in the world.

A WORLD CONGRESS OF LABOR.

The convention creating a permanent organization for the promotion of labor interest throughout the world has been completed. The document consists of 41 articles. This new world-wide labor organization will consist of a general conference of labor representatives and an international labor office. The conference is to be held at least once each year and will include representatives of employers as well as workers. It will meet at the seat of the League of Nations where the International Labor Office will form a part of the League organization.

The Labor Office will act as a general clearing house for labor information. The office will be in charge of a director who will be appointed by the governing body and will select his staff, which is to include a certain number of women, from different nationalities. A governing body of 24 members will control the Labor Office. This body will consist of 12 government representatives, six members elected by delegates representing employers, and six delegates of working people.

The results of this great movement for the peaceful adjustment of labor problems of all countries seems likely to be one of the most important results of the war.

Our total war expenses will be \$47,110,935,160.75, according to an estimate made by Representative James W. Good, of Iowa, who is to be chairman of the Appropriations Committee in the next congress. Moreover, strict economy, the new chairman says, will be necessary to keep expenses down to that amount. Mr. Good also estimates that governmental expenses will hereafter be \$4,000,000,000 annually—or nearly four times as much as before the war.

MAKES HEAVY WORK SHOES.

J. W. Huberd, of Eugene, Manufacturer of Fin Line of Heavy Work Shoes.

Elsewhere in this issue of the News appears the advertisement of Mr. J. W. Huberd, of Eugene, who has recently opened "The Real Shoe Shop" at Sixth Avenue and Willamette streets that city.

Mr. Huberd was formerly located at Seattle, where he was widely known as an expert manufacturer of heavy work shoes for loggers and mill men. In fact, his product is known all over the coast. In Seattle the entire police force, consisting of over 400 men, wore the shoes made by Mr. Huberd exclusively, as they gave better satisfaction in comfort and wearing qualities than any other shoe on the market.

Mr. Huberd also makes a specialty of repairing heavy work shoes, as well as ladies' gentlemen's and children's dress shoes. For this work he has installed a complete plant of the most up-to-date shoe repairing machinery in the state, which enables him to do the work in the most efficient and satisfactory manner at a low price. Give him a trial by sending a pair of old shoes to be repaired by parcel post, and he will return them to you, charges prepaid.

Mr. Huberd will visit Springfield this month on the 28th inst., at which time he will take orders for work shoes, or ladies' and gentlemen's dress shoes, made from the best materials obtainable, and guaranteed to give you the best shoe comfort you ever had in your life, and at a price you can afford to pay.

MAKE YOUR FEET HAPPY.

Dr. Wm. French, of Eugene, Licensed Chiropractor, Corrects All Foot Troubles.

One who does not understand the anatomy of the human foot cannot prescribe or fit the appliance needed for a certain or given foot trouble any more than one who knows nothing about a match could repair it. Dr. French will examine your feet without charge and prescribe the arch support, or other appliance needed by you. He also treats all foot troubles, removes corns, bunions and callouses.

His office is in the same building with The Real Shoe Shop, 597 Willamette street, Eugene. Telephone 530.

The doctor makes no charge for examination or advice.
