

The Confidence of Our Country Customers

has enabled us to build up an excellent parcel post business. This is encouraging for we realize that the residents of our trade territory appreciate the fact that it pays to patronize home industries instead of the distant mail order houses.

An unusual assortment of goods, prompt service and our broad guarantee make it possible for us to meet any sort of competition.

Send us a trial order for drugs or sundries—also let us fill your next prescription. We prepay postage on all small orders.
