Whenever you have scraps of pastry dough left over, make them into little cases for tarts.

When watering house plants, if the water runs in the saucer it is a good sign; if not, something is wrong with the plant.

Bread taken from the oven should not be wrapped in cloths. It spoils the flavor of the bread.

Mix bluing with hot water before adding it to the rinsing water and the clothes will not streak.

When the whole heel of a stocking is gone, take another old stocking and cut a piece off. Sew this over the hole and around it. It will stay much longer than if you darned it.

#### SPRING POETRY.

Our friend, Mr. Swartz, on Mondays always seemed out of sorts: But whereas he was sad now he is glad. You think it's the season?—Oh no, there's a reason. He used to rise with the dawn, put his wife's kitchen apron on, Then to the washroom he would fly with a fierce light of battle in his eye. Every one hopped quickly out of his way. For they knew he would say — Oh, joy what a glorious day. And there he would madly souse the family duds In a tub of hot, soapy suds. But those days are past, he is happy at last: All is calm and serene and life flows along like a dream— His wife bought a new electric washing machine.

#### WELL KNOWN SPRINGFIELDITE NOW LOCATED IN DELAWARE

The many friends and acquaintances of Mr. and Mrs. A. L. Ingalls, a resident of Springfield for a number of years but who left the latter part of last July, will be pleased to learn Mr. H. T. Shea, manager of the Mountain States Power company, has received a letter from Mr. Ingalls, stating he is now located in Wilmington, Delaware, where he is engaged in work for the government.

According to the letter, Mr. Ingalls is very well pleased with Wilmington and, although it is a city of some 135,000 inhabitants, found it exceedingly difficult to secure rooms or apartments in which to reside.

Mr. Ingalls, previous to his departure from Springfield was auditor of the Mountain States Power company for a period of nine years.

Mr. Will Darling, formerly foreman of the electrical department of the Mountain States Power company of this city, and recently transferred to Albany, returned this week to assist his family in packing up the household effects for shipment to Albany. They plan on leaving for their new home today.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J.
