J. W. HUBERD Real Shoe Shop

6th Ave. and Willamette St., Eugene, Ore.

Work Shoes Made to Order, \$7.00 Guaranteed Fully

CLEAN-UP DAYS ARE LIFE-SAVERS

Spring-time and house cleanings are closely associated in the minds of most housewives. Why not in the minds of the storekeeper, grocery and factory man, butcher, market prioritor and other persons who conduct or work in establishments where food is stored, sold or handled?

Isn't this a good time to start a spring cleaning?

And then, why not get the housewife's habit and have regular cleaning days? The woman who directs her house efficiently has for generations regarded Monday as "wash day." To start, let everyone look to his own back yard, his back rooms, the dark corners where dirt, dust, cobwebs and scraps of refuse may lodge. These are germ breeders. They are a menace to the health, may be at thousands. Let's get after them. This is a good time to start after the basements, too. If they aren't clean, why not clean them? If the work is well done and is looked after regularly once a week it won't get ahead of us. Hire someone to help the first cleaning day. It will pay. Every one wants his place to be clean and sweet smelling.

But at times the best of us get careless. Springtime is the best time to awaken to the need for a cleanup. The earth is putting on a new dress. The sun will shine and all nature will bloom and our old back yard and basements and our stacks of tin cans and empty boxes will be looking pretty disorderly and unsightly. Let's have a regular wash day, a scrub day, a dusting day. Let's dig out the corners, use a little energy, a little soap and a scrubbing brush, a broom or whatever is necessary and let's pay a tribute to spring and put on a new coat whether it be of paint, white-wash or just cleanliness. Our experience as sanitary inspector is that there is not so much contamination for food from outside sources as from the places where it is handled. Every city and town should set aside one day as cleanup day. While once a year may answer for a municipality, however, for a manufacturing plant or store fifty clean-up days would be far better. A clean place pays, too. Cleaning up will keep up the standard of efficiency. It will assure better health in the neighborhood. If you get sick or your customers get sick and can't pay their bills, you suffer. Employees work better, accomplish more and feel better when the environment is clean and the air better. A good motto is "Do it NOW."

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
F. J. CHENEY & CO., Toledo, Ohio.
Sold by Druggists, Take Hall's Family Pills for constipation.

SPRINGFIELD PEOPLE SHOULD EAT PIE DAILY

Pie is wholesome, combining both fruit and grain. Those who have trouble digesting pie should take ONE SPOONFUL simple buckhorn bark, glycerine, etc., as mixed in Adler-Lka. This flushes the ENTIRE bowel tract, removes foul matter which poisoned your stomach for months and relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. Leaves stomach in condition to digest ANYTHING. M. M. Peery Drug Co.

"Yes, I tried it, but I went back to Royal."

This is the experience of most women who have been tempted to try so-called cheaper baking powders which almost always contain alum and often leave a bitter taste.

Royal Baking Powder Absolutely Pure

Made from Cream of Tartar derived from grapes

Royal Contains No Alum—
Leaves No Bitter Taste

OREGON WEEKLY INDUSTRIAL REVIEW

Oregon hog crop in 1918 sold for \$24,500,000.
