AUTOMOBILE COLLIDES WITH STREET CAR.

What might have proved a serious accident occurred at the intersection of Main and Second streets Tuesday afternoon when a Dodge touring car, driven by Mrs. John Fitzgerald, a resident of the Vitas Tract, collided with a westbound streetcar.

Mrs. Fitzgerald was driving north on Second street, and when about 30 feet from Main street another machine, going at a rapid speed, and on the left or wrong side of Main street, turned directly into Second street, heading into Mrs. Fitzgerald's car. In an effort to avoid colliding with the machine, Mrs. Fitzgerald swerved to the left side and onto the car track. Just at this instant the street car reached Second street, and before the motorman could stop his car crashed into the machine, the impact being so great the machine and street car skidded fully 50 feet, the heavy street car pushing the machine ahead of it.

Mrs. W. G. Spencer, sister of Mrs. Fitzgerald, was riding with her in the front seat, and the accident caused her to faint. Dr. Mortensen was called and administered a restorative, and an examination showed she had received only some minor bruises. The machine was damaged to some extent, but not seriously, and was driven by Mrs. Fitzgerald to her home.

Mrs. L. M. Beebe and sons, Frank and Earl, left today for San Francisco, where they will join Mr. Beebe and will make their future home in or near San Francisco.

Mr. Iri Stewart is confined to his home with a slight illness.

Sergeant Fred Stewart has received his honorable discharge from the army and returned home Saturday. He was fort commander at Fort Canby.

Mr. J. Branizan, of Portland, was in town on business this week.

Mr. and Mrs. Frank May, of Seattle, have moved to Seventh and P streets.

A. Aleshire has moved to South D street.

1868 Memorial Day 1919

It has been fifty-one years since this brilliant little woman inspired and helped her great husband, General John A. Logan, U. S. A., and then commander in chief of the Grand Army of the Republic, establish America's Memorial Day, on May 30. The order went forth from Logan's office in Washington, May 5, 1868. Since then our day of observance to the memory of fallen war heroes has found its place in foreign lands and this year France and England will place flowers on graves "over there,"—lives given for humanity—while this nation bows its head for the heroes of all its wars—the crusaders who have given all—for freedom. Rounding out a career which has been a life of sacrifice Mrs. John A. Logan has just been decorated with the Belgian medal of Queen Elizabeth, by the king and queen for work as head of the Washington committee on Belgian relief.

CAUSE OF HEADACHE.

By knowing the cause, a disease may often be avoided. This is particularly true of headache. The most common cause of headache is a disordered stomach or constipation which may be corrected by taking a few doses of Chamberlain's Tablets. Try it. Many others have obtained permanent relief by taking these Tablets. They are easy to take and mild and gentle in effect.
