AT PARTING OF WAYS

A general sympathetic strike paralyzed all lines of business in Winnipeg. It is another step in the organized campaign of revolution which is being carried on in this country.

Thousands of workmen who had no grievance at all against their employers, stopped work at the bidding of some so-called labor leader in order to force settlement of a controversy between employers and employes in another line of industry, in no way connected with the "sympathetic" striker.

An innocent public was caused great loss, inconvenience and suffering.

And all for what? Simply to gain show the autocratic and brute power of radical leaders who would use labor as a cloak to hide behind, while sowing the seeds of revolution in America.

In Winnipeg the hand of Bolshevism is showing up the same as it did in the attempted Seattle revolution and at Butte recently, where the so-called leaders of labor, upon investigation were found to be alien radicals. And now Winnipeg finds the same class of leadership.

The general strike in Seattle was a flat failure, also the one in Butte. Scores of alien radicals were deported and others held for trial.

These strikes failed and the Winnipeg strike will fail. Simply because the public can see what labor apparently cannot see, that labor is being made the fool and the dupe of would-be revolutionary leaders a la Russia.

Union labor must purge itself of this class of leadership and membership, and stand for the Union instead of destruction of existing government or law and order of our country will purge itself of the unions.

This same element of Bolsheviks, I. W. W.'s and anarchists have set July 4, as the date for the greatest strike of all, when they will call for a general walk out in the whole United States for the purpose of freeing Mooney and Billings, the convicted dynamiters.

Think of it! By mob rule, these radical leaders would set aside the judgments of our courts and pardon the murderers of men, women and children, just the same as they do in Russia, where there is no law, property rights or industry today.

Why should American workmen follow such leadership? Surely they have brains enough to see where it will lead. And it's all done in the name of union labor and for what? To terrorize dynamiters, outlaws, alien enemies, etc.

Union labor is at the parting of the ways. It must either repudiate its radical and un-American leaders or it takes its stand openly against American institutions and law and order.

The day of the general strike is passed for public sentiment is absolutely against it and is demanding meditation and conciliation in place of armed industrialism.

THE WESTERN FIR INDUSTRY

Have you ever stopped to consider what the Douglas fir lumber industry means to labor and business and as a taxpaying asset?

Oregon and Washington mills have sold to the Railroad Administration 175 million feet of Douglas fir ties to be sent by water to the Atlantic Coast, and mills in the same region have orders for 40 million feet of ties for French and English railroads. These figures mean about 4,333,333 ties for American roads and one million for the foreign market.

The present order for this country alone will furnish ties for about 1,750 miles of tracks which would extend from New York City to Western Nebraska. If a single track were built, and almost from New York to Chicago for a double track. Figure out the number of men this will employ and the wages paid.

VETOED NEWSPAPER LIBEL LAW

Governor Shroup of Colorado, who is democratic as an old shoe, seems to be a friend of the newspapers. He vetoed a drastic libel law put over by the legislature in an anti-free press crusade. It is a remarkable fact that the socialistic and soviet-inclined reformers want to cripple a free press. Reformers want to know that one western Governor is not afraid of the power of the press.

BOY SCOUT WEEK

Nation Wide Campaign for 1,000,000 Associate Members, June 1 to 14.

Charges next Sunday, June 8, will fire the opening gun in the national Boy Scout week drive. Pastors have promised to outline the splendid wartime work of the Boy Scouts, and to speak of the reasons why American youths should have a chance to share the benefits offered by the scouting organizations. The campaign for the week is to enlist, in Oregon, 5800 associate members, whose support and financial help will be to extend the size and usefulness of scouting. One million members are to be secured in America.

President Wilson designated next week as Boy Scouts week, and William G. McAduo has taken personal charge of the drive activities in recognition of the help given by the boys in the Liberty Loan drives and war work campaigns.

The boys themselves are arranging demonstrations to focus public attention on their work and usefulness, and the patriotic nature of their training and activities.

America has 10,000,000 boys between the ages of 11 and 21, and in order that the benefits of the Boy Scout movement may be extended to every community in which they live, a campaign for a million associate members is being launched next week under the personal direction of William G. McAduo. Edward Cookingham is state chairman, and he will be in charge of enlisting Oregon's quota, which is 5,800.

Because of the service which the organization gave to the country during Liberty Loan, Red Cross and other war drives, the campaign to extend the usefulness of the scout movement has been given the backing and approval of President Wilson, the Red Cross and similar national personages and societies.

Briefly the purposes of the drive are: to make national recognition of the good work of the Boy Scouts; to bring attention of each community to the needs of American youth; to interest churches, schools and other organizations which come in contact with boys, in the hope of organizing new scouting troops; to give men a chance to act as scout leaders; to insure the support of those in sympathy with the Boy Scout program and to vitalize scouting in communities of 25,000 population or more.

Members of the local committee are as follows:

John E. Edwards, chairman; executive committee, Dr. W. H. Pollard, Prof. F. N. Roth, Oswald Olson, Wm. Hill, Jr.

Other committees will be announced later.

Five Boy Scouts came through town Friday on their way to the McCredie Springs, where they will be joined in about a week by a large party of Boy Scouts from Salem, and will all camp for about three or four weeks. They are under the auspices of the Salem Council.

Springfield has organized a ball team known as the Four L's with Ernest Skinner as manager. They are all trained men, some having played on the team before the war. The boys are working out at every opportunity. The first game of the season will be played June 8. During the carnival three games are scheduled. Creswell will play here for the opening game.

A number of ladies gathered at the Springfield Hotel Wednesday to witness a demonstration of Wear-Ever aluminum cooking utensils under direction of F. E. Henderon, who represents the manufacturers. A lunch was served and an interesting afternoon was enjoyed by those present.

Mr. and Mrs. H. B. McKinney, former residents of this city, left for their home in Portland Sunday evening after spending the week-end with friends and relatives in this city. Their daughter, Wanna, is attending the University of Oregon, specializing in journalism.

ABOUT RHEUMATISM.

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that there is a remedy that will afford relief, and make rest and sleep possible. It is called Chamberlain's Liniment.

DRY SUMMER PREDICTED FOR THIS VICINITY

Another dry summer is predicted by Geo. Geotschius, federal river gauge-tender at Eugene, basing his prediction upon the fact that the mean stage of the Willamette river at Eugene was lower during the month of May this year than it was during the same months of 1917 and 1918, and the fact that the precipitation was less during the month just ended than during the corresponding months of the past two years.

According to Mr. Geotschius' figures, the mean stage of the river during May, 1919, was 5 feet, as compared with 6.2 feet in May, 1917, and 5.5 feet in May 1918.

The total rainfall during the month at his station was 8.17 inches, as compared with 2.05 in May, 1917, and 1.97 during the same month last year.

Due to the rains of the past few weeks crops of all kinds in the valley are now looking much better than they did this time last year, and farmers say they believe they can stand another drought.

PRICE OF ENVELOPES HIGHER

Postmaster Stewart has received notice that the price of stamped envelopes would follow the advanced price of other articles. Effective July 1 the price of stamped envelopes will be 12 cents more than at present. This boost is caused by the high cost of paper and labor. Contractors made their price for the year ending June 30, 1920, accordingly.

SALVATION ARMY DRIVE CONCLUDED IN EAST

The \$13,000,000 drive for Home Service funds in ten eastern states has been successfully concluded according to reports just received from the eastern headquarters of the Salvation Army. Oregon's quota of \$250,000, of which one-half is to be raised in the city of Portland will be raised in a state-wide campaign to be conducted under the direction of the Oregon State Elks Association, June 22 to 30.

In a number of the counties of the state the local committees have arranged to conduct the drive in advance of the state campaign dates. In some of the counties the quota has already been pledged. The majority of the counties, however, will raise money during the week of June 22 to 30.

WORDS OF PRAISE.

Before his death, Theodore Roosevelt said, "There are few serious thinkers nowadays who do not recognize in the Salvation Army an invaluable social asset, a force for good which works effectively in those dark regions where, save for this force, only evil is powerful."
