THE GOVERNMENT OWNERSHIP FARCE

If the government operation was to be made the lever to make government ownership of railroads possible, it has resulted in a farce.

That is the mild term for it, as it is more than likely to prove a tragedy, or at best a tragic comedy, with the for the first year.

Congress is asked to provide 1200 millions to carry on the farce for the current year, the deficit the first four months being greater than the deficit for the first year.

A total of \$1,700,000,000 has been necessary from the taxpayers under government control—a sum beyond the grasp of the ordinary citizen, and he can only grasp for wind, and face the taxes.

It is now expected that the railroads will be returned to private management by the first of October, and so there are no extensions planned for this year by the [big systems].

Railroad development has practically been at a standstill for two years, and the only big direct effect of government operation has been artificial stimulation of payrolls.

The railroad properties face the two prongs of a dilemma—to reduce operating expenses to their incomes, or to ask receiverships and raise rates all around.

Either proposition will meet with resistance—reducing wages will be resisted by organized labor and political influences that want the labor vote—raising rates will be resisted by shippers and producers.

DO YOU ENJOY LIFE.

A man in good physical condition is always certain to enjoy life, while the bilious and dyspeptic are despondent, do not enjoy their meals and feel miserable a good share of the time. This ill feeling is nearly always unnecessary. A few doses of Chamberlain's Tablets to tone up the stomach, improve the digestion and regulate the bowels is all that is needed. Try it.

CALL FOR WARRANTS.

I will pay at my office District School Warrants Nos. 1757 to 1898 inclusive. Warrants previously called, 1332 to 1756 inclusive.

LANE COUNTY COURT WILL ENDORSE THISTLE STATUE

The Lane County Court has decided to appoint special officers to enforce the new law against allowing Canada thistle and other weed pests to flourish. Judge Brown states that the law will be enforced to the letter if it is possible to do so.

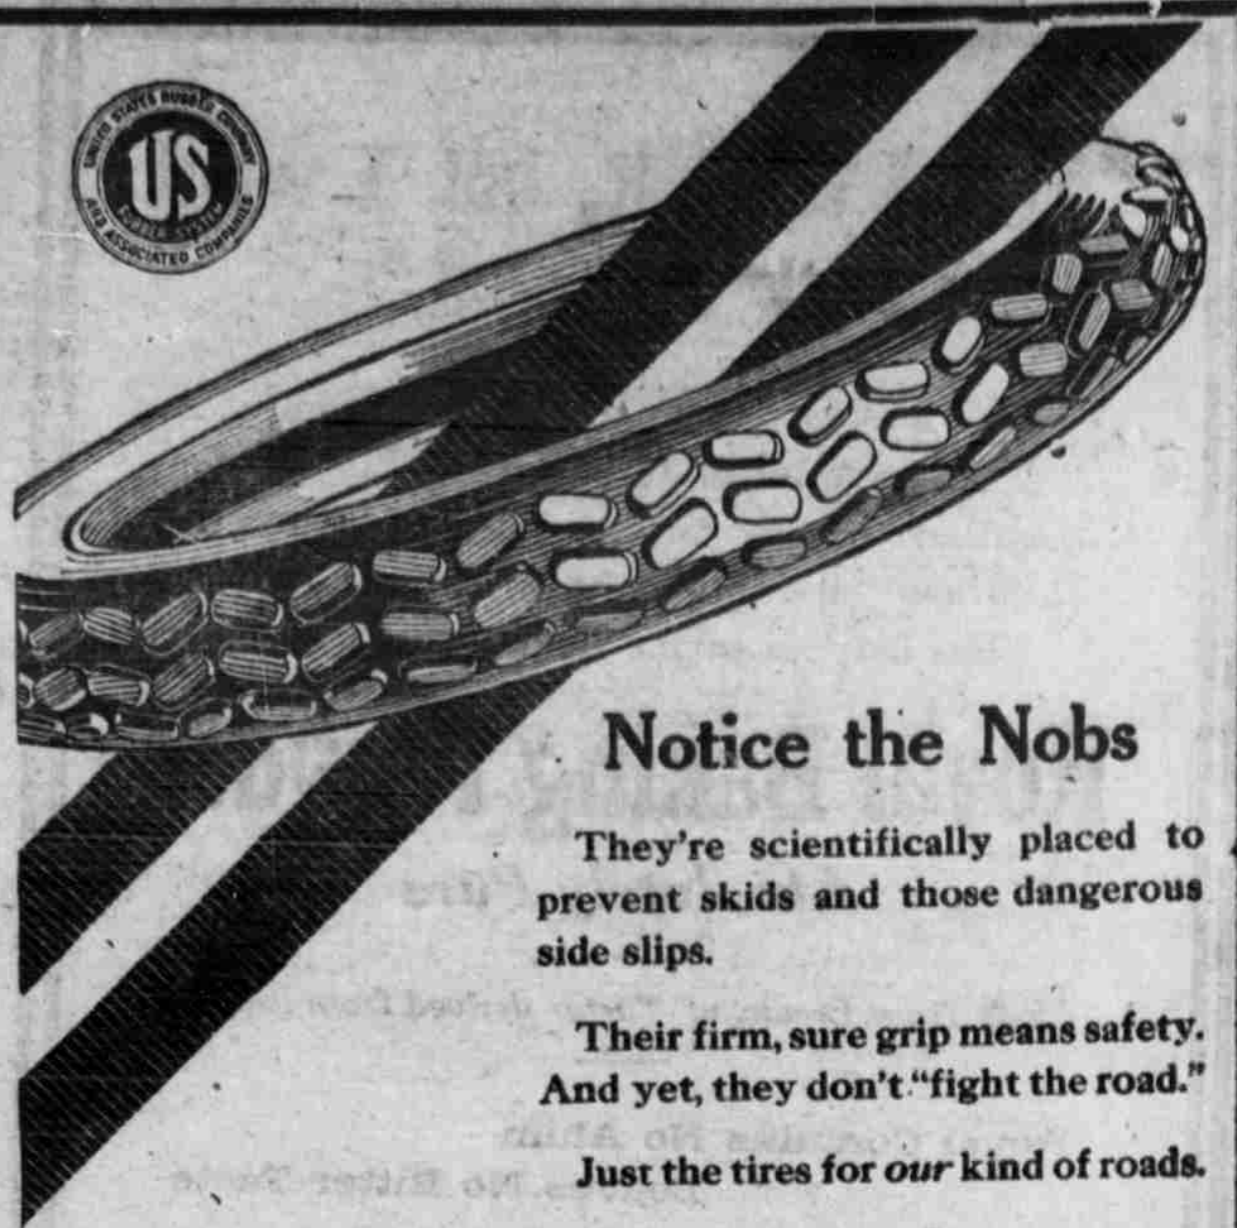

The law relating to these pests follows:

"If any person, persons or corporation owning, possessing, or having care of, charge of, any land or lands, improved or unimproved, inclosed or uninclosed, in this state shall knowingly permit any Russian thistle, Canada thistle or Chinese thistle or symblrium altissimum (called white mustard), cocklebur, (known as the dagger cocklebur, atripler argenia (called the silver salt bush), to grow up thereon and allow the same to stand until its bloom falls and its

seeds begins to form, such person, persons or corporation shall be guilty of a misdemeanor, and upon conviction thereof shall, for the first offense, be fined not less than \$25 nor more than \$50, and for the second, and each subsequent offense, not less than \$50 nor more than \$200, said fine to be recovered with costs in an action to be brought in the name of the state of Oregon for the use and benefit of the general fund of the county where the offense is committed. Justice of the peace shall have jurisdiction of this offense."

KEROSENE MEANS LESS WORK FOR THE HOUSEWIFE

No woman likes to be a household drudge. She wants time for ever so many other things than cooking and cleaning. By using kerosene instead of coal or wood much of the old-time work and dirt is eliminated.

A clean, pure kerosene like the Standard Oil Company's Pearl Oil, assures the housewife a cool, clean kitchen the year round. All the drudgery of handling the heavy coal and ashes is done away with and there is no dust nor dirt nor odor. Unlike coal or wood, kerosene lights at the touch of a match, so that there is no waiting for the fire to come up.

Pearl Oil is economical and can be readily procured everywhere. It is always the same high quality whether it is bought in five gallon cans or in bulk. It is easy to handle and gives all the convenience of gas. Being refined and re-refined by a special process the impurities have been removed and it burns up clean without smoke or odor.

RADIATORS WILL MARCH IN SPRINGFIELD IRRIGATION PARADE

The light grey suits, straw hats and canes of the Eugene Radiators, boosting organization of this city, whose marching attracted wide attention several years ago, will emerge from the moth-balls which have shrouded them for the past two years, to clothe the members of the organization when they march in the big parade of the irrigation jubilee in Springfield some time during the latter part of the week. The exact date of their appearance has not been decided. To take steps toward the reviving of the organization on its old basis a meeting was held in the chamber of commerce last night.

GLYCERINE MIXTURE FOR APPENDICITIS

Springfield people can prevent appendicitis with simple buckhorn bark, glycerine, etc., as mixed in Adler-ka. OLD SPRINGFIELD RESIDENT RETURNS FOR BRIEF VISIT

Charles Rivett, a former well known resident of Springfield, returned Sunday morning from Lincoln, Nebraska, where he has been located ever since leaving here some seven years ago. He comes to Springfield to escape the hot weather of the eastern city, which he says is pretty severe at this time. Mr. Rivett has taken an active interest in the Jubilee celebration, and will contribute a "bit" in organizing a life and drum corps to dispense martial music during the celebration.

J. P. Robley has moved to A street, between Fourth and Fifth streets.
