NO ACCIDENT WEEK ON S. P. BEGINS SUNDAY

By tomorrow afternoon approximately 305,000 railroad men in the central western region will have signed a pledge to go seven days, if possible, without sustaining a personal injury. The week beginning June 22nd has been designated by the Regional Director of railroads as "No-Accident week," and according to a statement issued today by Mr. H. A. Adams, regional supervisor of safety of the central western region, the lines under his jurisdiction approximately total 305,000 men and women on the pay-rolls.

Back of this army of industrial workers who have decided to eliminate personal injuries are 400 safety committees, composed of both officers and employees, working under regulations prescribed by the United States Railroad Administration.

According to the employees themselves, who are taking a keen interest in it, says Mr. Adams, "No-Accident Week," is bound to give a big impetus to their safety work. The test is something concrete—something which they may attain definitely as a result of their efforts. This is causing considerable rivalry among the roads and the men say that the psychological effect upon the rank and file of employees of being thus placed upon their mettle, together with the knowledge that even for a week they may prevent actual suffering or grief to any number of employees or their families, makes "No-Accident Week" well worth while.

Daily reports will be compiled by telegraph of progress made on every railroad in the central western region so that every employee will be advised as to what is being accomplished."

WOMAN'S STATEMENT WILL HELP SPRINGFIELD

Because it flushes the ENTIRE bowel tract completely Adler-ka relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. The INSTANT action is surprising. M. M. Peery Drug Co.

DR. WHEELER WILL SPEAK AT EUGENE MONDAY NIGHT

A rare treat is in store for the citizens of Springfield and Eugene next Monday evening, when Dr. Charles T. Wheeler, Special Envoy, will speak at the Eugene Theatre. Dr. Wheeler is an international speaker with experience in France as a social investigator, in engagements with the American troops, and studying the field for the Salvation Army. He gives the facts straight from the shoulder and has the art of painting the pictures so that you live with him the grim realities of the great movements. The largest halls are crowded with thrilled audiences who clamor for a return. The other day in Portland the Elks Lodge suspended business for 15 minutes and were reluctant to let him off after he had spoken for 45 minutes. It is such things as this, that led the members of Eugene Lodge No. 357 B. P. O. E., to secure him for this section. This meeting is planned to give a boost to the Home Service Drive for Funds for the Salvation Army but no admission fee is charged and no collection will be taken at this time.

Mrs. J. E. Clark, of Glendale; Mr. and Mrs. D. A. Shoemaker and family, of Independence, and Mr. and Mrs. F. S. Moody, of Harrisburg were the week-end house guests of Dr. and Mrs. Mortenson.
