An Enlargement of the Pathe Sapphirz Ball and Pathe Record Grooves

But what has music to do with table knives? Just this!

The best silverware you can get is marked "Sterling"; the best phonograph you can get is marked PATHE.

The Pathe phonograph is different in principle, better in result. The Pathe Sapphirz Ball, a round polished jewel, replaces the old-fashioned steel needles, which cut and gouge the records. No needles to be changed; no needles to buy; always ready to play. The Pathe plays all makes of records, and plays them better. Every Pathe record is guaranteed to play 1000 times. These are just three of the big Pathe advantages.

But the most important Pathe feature is the TONE. The Sapphirz Ball and the all-wood violin tone chamber give the pure clear tone of perfect music. Not a shading is lost; not an expression missed. When you hear a Pathe instrument you at least realize how perfectly music can be duplicated.

We have selected the Pathe instrument because we know it is the best. After a careful investigation and comparison of all makes of phonographs and records, we realized the Pathe superiority. Yet the Pathe costs no more than the ordinary talking machine. Give your ears a treat. Let us play a jewelled Pathe for you—the Phonograph of Sterling Quality.

#### DO YOU ENJOY LIFE.

A man in good physical condition is always certain to enjoy life, while the bilious and dyspeptic are despondent, do not enjoy their meals and feel miserable a good share of the time. This ill feeling is nearly always unnecessary. A few doses of Chamberlain's Tablets to tone up the stomach, improve the digestion and regulate the bowels is all that is needed. Try it.
