

Keep Your Skin Young and Fair

The art of keeping the complexion fresh and clear is the art of feeding, cleansing and protecting the skin. The skin of the hands and face is always affected by external agencies, such as sun, atmospheric conditions, germs and dust.

Garden Court Double Combination Cream

will help renew the skin tissues, keep the pores cleansed and neutralize the drying effect of sun and wind. This dainty cream is perfect for massage purposes, and as a general soothing and healing agent. Used regularly it may be depended upon to keep the skin soft and smooth, to remove blackheads, moth patches, tan, etc.—and to cure sunburn. It will also remove wrinkles by building up the tissues of the skin and by restoring the normal tone of the tiny facial muscles.

A Billious Attack
When you have a billious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take three of Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter.
