UNITED STATES SHORT 4,000,000 LABORERS.

We are awakening from the mists of sentimentalism and political demagoguery to realize that we face a great national labor shortage. The United States Training Service of the Department of Labor says we are four million laborers short. It says if every soldier were back on the job our country would still be 4,000,000 men short of a normal supply of laborers as we had them before the war.

For twenty years before 1915 we got in round numbers a million workers a year by immigration and for four years that has been cut off.

The training service of the Department of Labor dare not say what common sense would dictate—give us back our normal supply. We absorbed the million a year to good advantage. What the west needs is plenty of unskilled labor.

The training service sharpens drop the little fact that we are 700,000 houses shy in the nation. Remedy, more "highly educated" carpenters.

Housing is only one item we are short on, and in the meantime the laborers of our country will pay millions in shape of higher rents.

The cards are stacked to exclude all immigration, pay the tolls imposed by a ruthless labor monopoly, while the cost of living advances by leaps and bounds.

HELPING OREGON INDUSTRIES.

Fruit juice manufacture has developed into a large industry in the state of Oregon. After hearing the argument of the producers the house votes to make a sharp reduction in the war tax on this product, which was severely handicapping this industry. It also voted to eliminate the ten per cent tax on soda water and ice cream.

The question of removing the five per cent excise tax on candy is also of great interest to Oregon. Candy manufacturing which is growing with the development of the sugar beet industry, is unjustly burdened by this discriminatory tax which should be eliminated along with taxes such as the above. Congress will undoubtedly take favorable action along these lines soon.

The charge of 10 cents by the telephone company for talking between Springfield and Eugene continues a live subject for discussion among Springfield citizens, but nothing of a practical nature can be accomplished until the Public Service Commission passes upon the matter.
