

The Store That Has No Substitute For Nationally Advertised Products

The druggist who recommends a "just as good" article, stakes the customer's future business against a few cents extra profit—and eventually he loses both. Unadvertised products have no demand and must depend upon the assistance of the substituting dealer for existence. At our store you will always find high-grade goods—the kind advertised in your favorite magazines. If you wish to save time and worry these warm days—call 31—and make your wants known. You'll receive just what your order and not "something just as good."

Cure for Dysentery

"While I was in Ashland, Kansas, a gentleman overheard me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitelaw, of Des Moines, Iowa. "He told me in detail of what it had done for his family, but more especially his daughter who was lying at the point of death with a violent attack of dysentery, and had been given up by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did, and fully believes that by doing so saved the life of his child. He stated that he had also used this remedy himself with equally gratifying results."
