ONE WAY TO REDUCE THE COST OF LIVING

Taxation, high cost of living, high wages, shorter hours, less work and more production, are some of the mystifying phrases one hears today. Everyone is shoving the burden onto someone else. As a start to reduce cost of living the present inequitable and misnamed "luxury" tax could be repealed or amended, thus removing a direct increase in the cost of living on many absolute necessities, from drugs and toilet articles to candy and ice cream. This law was passed in haste to meet war conditions, it can now be repealed at leisure to meet peace conditions and the sooner the better.
