To Gas Consumers

By authority of the Public Service Commission of Oregon the following rates for gas have been put into effect in Eugene and Springfield:

First 300 cu. ft. or less per month\$0.75
Next 2700 cu. ft. per month per 1000 cu. ft. 1.90
Next 7000 cu. ft. per month per 1000 cu. ft. 1.50
Next 15000 cu. ft. per month per 1000 cu. ft. 1.20
Excess over 25000 cu. ft. per month per 1000 cu. ft. 1.00

Effective August 20, 1919.

We greatly regret the necessity of increased gas rates at this time when nearly every commodity, manufactured article and service in common use is costing more than in half a century. We would prefer not to advance rates if such a step could be avoided. But the increased costs of all materials and labor entering into the manufacture and distribution of gas is beyond our control. The Public Service Commission has recognized this condition in authorizing these rates.

We appreciate the patronage and the good will that have been extended to us in the past, and our earnest hope is that our service in the future will merit the same good feeling.
