

GROUP INTERESTS MUST GIVE WAY COUNCIL WARNS

War Unity of Producer, Distributer, Consumer Needed To Meet H. C. L.

Washington, D. C.—The United States Council of National Defense composed of the secretaries of war, the navy, the interior, agriculture, commerce and labor reiterated today a warning to the people of the United States of the necessity for increased economy and saving on the part of every citizen.

After outlining the causes of the high cost of living the statement of the council said:

"The entire nation—producer, distributor and consumer alike—should return to the unity that won the war. Group interest and undue personal gain must give way to the good of the whole nation if the situation is to be squarely met.

"Our common duty now, fully as much as in the war, is to work and to save. In the words of the President in his address to the country on August 25, 1919, only 'by increasing production, and by rigid economy and savings on the part of the people, can we hope for large decreases in the burdensome cost of living which now weighs us down.'"

The Federal Reserve Board, in its bulletin outlining the financial condition of the country just issued, says:

"That the high price levels which have been attained in the United States present a grave situation is clear from the attention which current discussion of the causes of industrial unrest is directing to the cost of living problem. So far as profiteering practices are responsible for price aggravations, some considerable mitigation of the cost of living situation may be expected and indeed is already in sight.

"The problem of reducing the high cost of living, however, is mainly that of restoring the purchasing power of the dollar. The dollar has lost its purchasing power because expansion of credit proceeded at a rate more rapid than the production and saving of goods. The way in must be the way out. As the way in was expansion of credit at a rate more rapid than the expansion of production and saving, the way out must be an increase in production and saving. The effect of increased saving will be a reduction in the volume of purchasing media in use, and by consequence, a reduction of prices also.

"That the expansion of credit has been a considerable factor in our financial and price situation is clear; that it is still a factor and one that calls for correction by the process of increasing production and savings and by the investment of the proceeds of savings in the absorption of government bonds is equally clear."

Sincere Gratitude

PUBLIC HEALTH NURSE MENTIONED IN BIBLE

"I commend unto you Phoebe, our sister, who is a servant of the Church which is at Cenchrea," wrote St. Paul to the Romans, "that ye assist her in whatsoever business she hath need of you, for she hath been a succorer of many and of myself also."

Phoebe, explains Biblical history, was a woman who went about nursing the sick and teaching them better methods of living. Phoebe was the first public health nurse.

Public health nursing, which is one of the most important enterprises in the peace program of the American Red Cross, is not a new movement, but it is one which heretofore has never received its just meed of attention as a factor in maintaining the health of the nation.

Phoebe's sister in the twentieth century is the community nurse who teaches better, cleaner living. Because the betterment of public health is now definitely accepted as an individual and a community responsibility, the Red Cross will make a definite effort to raise the standards of living in the United States by urging the employment of public health nurses in all cities, towns and rural districts, particularly in those where there are no organized public health activities. A healthier, happier America—that is what the Red Cross is striving toward in its Roll Call the first weeks in November.

WHOLE WORLD EMULATES AMERICAN RED CROSS

With the Red Cross societies of twenty-six nations co-operating as members, the League of Red Cross Societies is now actively engaged in extending Red Cross efforts throughout the world, says a cablegram to the American Red Cross from Sir David Henderson, director-general of the league.

The membership roster now includes, the cable said, the Red Cross of the following countries: Argentina, Australia, Belgium, Brazil, Canada, China, Cuba, Denmark, France, Great Britain, Greece, Holland, India, Italy, Japan, New Zealand, Norway, Peru, Portugal, Roumania, Serbia, South Africa, Spain, Sweden, the United States and Venezuela.

MOTHERS MUST NOT DIE, SAYS THE RED CROSS

Sixteen thousand mothers die in childbirth every year in the United States of America, more than are thus sacrificed in any other country of importance in the civilized world. The American Red Cross has announced its belief that these mothers, the very flower of the womanhood of America and heroines every one, shall no longer die through ignorance or neglect, if the public health nursing resources of the country can possibly be extended to give them the necessary care. This is one of the reasons for the Third Red Cross Roll Call which begins Sunday, November 2.

"The Polish people look upon the American Red Cross as their salvation. It holds in its hands the destinies of nations. This world war has been fought in vain if there is no early restoration of normal physical and moral conditions in the newly born Republic of Poland. Poland is the keystone of the world's permanent peace."—Lieut. Col. Francis E. Franczak.

"I wish to express to the millions of Americans, who have made the work of the American Red Cross possible, the deep gratitude of my people."—The young King Alexander of Greece.
