## In Society

By Dorris Sikes

In honor of her brother, Ivan, and three friends, William Hill, Winifred May, and Verdon May, all of whom will attend school in Portland for the remainder of the year, Miss Grace Male entertained a number of the younger set recently. Games and music furnished delightful entertainment for the guests and at the close of the evening refreshments were served.

The guests were Misses Lena Brewer, Lottie and Lottie Whitaker, Maude and Anne Gorrie, Audrey Perkins, Carrie Ditto, Nellie Copenhagen, Lois and Joyce Male, and Dorris Sikes, and William Hill, Winifred and Verdon May, Ben Davidson, Gerald Van Valzah, Herbert Moore, Glen Ditto, Milton Coffman and Orson Vaughn.

A gay party at the home of Miss Helen Coffman was one of the social events planned to bid farewell to the old year and to welcome the new members of F. B. Hamlin's Sunday school class of the Methodist church being invited. After an evening of games and music, the guests gathered around the fireplace where waffles and marshmallows were toasted. Those present were Misses Olive Smith, Frances Bartlett, Amelia Bruene, Chloie Woolley, Grace Male, Dorris Sikes and Helen Coffman, and

### BELL SLEEVE SWEATER ALSO HAS SKIRT

The bell cuff has invaded the sweater field. This popular new model of the knit wool is worn here by Shirley Mason and photoed by Fox Film at Hollywood, Cal. Shirley's chasing butterflies in this new short-waisted, full-skirted sweater—so we opine it may be for "sport wear."

### METHODISTS ELECT NEW SUNDAY SCHOOL OFFICERS

Succeeding Dr. N. W. Emery, who for the past 10 years has served as superintendent of the Sunday school of the First Methodist church, S. Y. Bartholomew was elected to fill that office at the last meeting of the Sunday school board, Wednesday evening, December 31.

Dr. Emery's record is indeed an enviable one. During the entire time he has been superintendent he has been absent only five times, these occasions being caused on account of ill health or when he was away on vacations.

Other officers who were elected at the same meeting are: Assistant superintendent, Dr. N. W. Emery; secretary, Dorris Sikes; treasurer, Oswald Olson; librarian, Lois Male; pianist, Mrs. W. P. Rodenbaugh; assistant pianist, Margaret McElhaney. Officers of the primary department are: Superintendent, Mrs. L. K. Page; librarian, Mrs. Charles Myers; organist, Mrs. D. W. Roof. Missionary department officers are: Superintendent, Randall Scott; treasurer, Mrs. Charles Myers.

Teachers elected for the coming year are: R. W. Smith, C. L. Scott, Prof. F. B. Hamlin, Mrs. Berenice Van Valzah, Miss Helen Coffman, Randall Scott, Miss Amelia Bruene, Miss Ruth Scott, Mrs. Bailey, Mrs. L. K. Page, Mrs. D. W. Roof, Mrs. Ed Kester and Mrs. R. E. Davidson. The following will serve as assistants: Mrs. Charles Myers, Mrs. Milton Coffman, Mrs. U. G. McElhaney, and Mrs. T. J. McCracken.

Since there are so many children in Springfield and vicinity who are not in Sunday school the entire corps of officers and teachers has pledged unceasing efforts toward the building up of both the membership and interest this year.

### COUNTS OUR BUSHELS AND POUNDS FOR US

It may be the task of most of us to produce the bushels and pounds which is the world's supply annually, but it is this man's job to count them and he does it all through a maze of figures which few laymen could understand. ### SOME SUGAR FACTS.

The world sugar shortage is estimated at two and a half million tons. European sugar bins are empty and will take three years to fill them. This was due mainly to the wrecking of the European sugar beet industry.

It is time to substitute information for imagination and misinformation. National consumption of confectionery is increasing.

We use as much sugar for gum as we formerly ate in candy.

We eat as much in ices and soft drinks as we formerly used for candy. Candy has become a national necessity.

Increased beet sugar production must be encouraged.

Germ diseases kill off more people than the deadliest wars, says the United States public health service. In 1917 pneumonia and tuberculosis killed 223,000 Americans, more than seven times the number killed in action in France.
