by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; none can be cured by Hall's Catarrh Cure, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

**"BOOKKEEPIN' JANGLE."**

And here's some of the newest bookkeeping slang: Instead of saying an account don't balance or the trial balance doesn't balance, we say the account don't "ryme" or the trial balance doesn't "ryme." Instead of saying we made a mistake we say we made a "flyver" in our books.

Here is something marvelous: George Signer can add up a column of figures with his nose. He starts in at the bottom of a column of figures and rubs his nose right up the column and when he gets to the top, no matter how long the column is, he (k)nos the answer. He says he can tell by the touch of the figures on his nose, but Joe Deets says he's a fake; he is near-sighted and cross-eyed.

"Peacon" (Ashual) Fish says that he has made a discovery—Ralph Love "fools" away his bookkeeping periods by pestering "Grub" Deets and then he has an excuse to stay after school and talk to the girls, but the joke of it is, there's a lot of girls staying every evening. Peculiar, eh? "Peacon" says that he thinks that Mrs. Plank has a special "love" class after school but this is none of our business, so please don't tell anyone that I told what "Peacon" discovered, please.

To Whom It May Concern: I do hereby express my powerful gratitude and extend my hail and heartiest wishes to my customers, especially S. D. Welch and Boyd & Co., and I wish to say that I will carry on business as usual and ask for your kind co-operation, and the janitor and I join in wishing you a Happy Christmas and a Merry New Year.

**PERSONALS.**

We think Dwight Kessey is getting vain. He is carrying talcum powder with him again.

We are all glad to be back to the "Dear Old Halls of Knowledge." We all had many nice times, and a fine vacation but it seems that we can never live so comfortably as when we are here.

School started with a rush Monday, and we are well settled in school activities again.

Miss Sylvia Strubin could not attend school Tuesday on account of illness in her home.

Say, boys, we girls were certainly proud of every last one of you Saturday night. You showed Thurston where S. H. S. stood on the map, and we will still be back of you Friday night, when you play Goshen, whether you win or fail—we're back of you. Although we know it will be "win" for you don't start many things you don't finish. Maybe some of us will not get to attend the game at Goshen, but you will know we're thinking of you all evening. And once in a while we'll just give you a yell, even if ourself is the only one that hears it.

"Here's to the old S. H. S. team which we know will win."

Oh, my, did you see the hard lick Asahel gave Fatty of Thurston Saturday night, but it didn't seem to faze him one speck. But we were just thinking—what—if it had been a kid of Asahel's own size—. He wouldn't have been enjoying life right now—we don't suppose.

Mr. Hamlin took charge of Mr. Roth's classes Monday morning as Mr. Roth was unable to take charge in the forenoon. But he seemed to be about the same as ever in the afternoon. It must have been the vacation that caused the trouble.

That Sikes boy don't seem to crave public speaking, but when it comes to basketball he's all right.

We will soon miss our jolly friend Hazel Brattain, as she is going to attend the Mt. Angel academy the second semester.

Helen Stevens, a former S. H. S. student who spent the holidays here has returned to Mt. Angel academy. Hazel Brattain has expressed her desire to be a "movie star." Small

vaudeville shows are not to be considered.

From the appearances of our basketball hall windows old S. H. S. still has an artist to be proud of.

Miss Vivian Senseen is wearing a suspicious ring now days. Kinder funny.

Bessie Keeman is absent from school on account of illness.

The seniors intend to give a play. Mona McHenry and Opal Mason play leading parts.

Miss Roberta Wilson, editor of the Tattler, is absent from school.

Sylvia Strubin and Helen Roberts are also missing.

The girls are going to organize a basketball team soon.

Red middies are getting to be the style now.

The basketball team played Thurston Saturday night and defeated them 24 to 15.

The English I class was so busy learning that they did not heed their call to dinner until the others had nearly reached their homes.

Cough Drops enjoys himself immensely at noons when the teachers are absent, playing with the Fresh girls.

Gladys Edwards is absent from school on account of smallpox in the family.

On Tuesday morning the regular assembly was held. A rally for basketball was held and members of the team were called upon to make speeches.

Quite a few of the S. H. S. students are absent from school on account of smallpox, but we hope to have them with us soon.

Wanted: One English V class in the afternoon.

Everyone seems glad to return to old S. H. S. after such a long vacation. It must have been a Fresh who made that statement.

The latest in the way of news is that Walter Lamm and Edith Crys are getting rather friendly.

Florence Fish and Carme Dittie are intending to start a basketball team including just themselves. Much more practicing than what they have had may make them ready for real games. Of course, we all realize, girls, how far you'll get along in this world.

Some of our wonderful basketball boys are helpful. They refused to get up and speak before the assembly.

Mr. Fish said the boys wanted the girls to back them at the Goshen game. The girls wish the boys would furnish us a way to go.

The girls of S. H. S. are going to begin practicing basketball this evening after school. They are all required to have written permits from their parents before they can play.

Miss Dora Harvey has returned from her Christmas vacation trip.

**JOKES**

Grace Basford isn't the only one who enjoys reading her "Diary" for we noticed two "fresh" boys deeply interested in a red bound note book during Grace's absence.

Lost, strayed or stolen—a fountain pen belonging to Irene Kirchner. Finder please return to her and receive reward.

To whom it may concern: The person that took Grace Basford's picture had better return it at once to avoid further trouble.

Proud pupil: My ancestors came over in the Mayflower. Second pupil: It is a good thing they did because the immigration laws are much more strict now.

A maid came speeding down my way, jumping high with glee.

"What makes you take such leaps," said I.

"This is leap year," said she.

Freshman: How much are these puppies?

Dealer: Five dollars apiece.

Fresh: Well—er—I don't want a piece of one; I want a whole one.
