THE ONE-DISH DINNER

All housewives in these days of top prices are anxious to extend the expensive articles in the menu as far as possible. A delicious meat dish which is a money saver as well, is California Tamale Pie. Besides being economical it is also time and labor saving. It might easily be called a one-dish dinner, for it contains vegetables and corn meal, which takes the place of potatoes.

California Tamale Pie.

Three-quarter cup corn meal, 3 cups boiling water, 1 teaspoon salt, 1 cup ripe olives, 3 tablespoons tomato catsup, ½ pound chopped beef, 1 small onion, 1 tablespoon chopped green chile pepper, 1 can tomato sauce.

Add the corn meal and salt to the boiling water and boil 5 minutes, then cook in a double boiler for 1 hour and add the olives, stoned and chopped, and the catsup. Chop the onion, add to the beef and cook in a hot frying pan till the red color has entirely disappeared. Mix thoroughly with the tomato sauce. Spread half the corn meal in a greased baking dish, put in the meat mixture and spread the remainder of the corn meal over the top. Bake 45 minutes.

With this a very simple salad may be served, preferably a green salad, such as the recipe given below. This is available at all seasons, and combines particularly well with the Tamale pie.

SPINACH SALAD

One can spinach, 1 slice onion, 2 tablespoons lemon juice, ½ teaspoon salt, 1 Dill or sweet pickle, or 3 tablespoons relish, red pimiento, French dressing.

Drain and chop the spinach. Chop the pickle and onion, mix thoroughly and add to spinach with lemon juice and salt. Chill the mixture thoroughly and serve heaped on a lettuce leaf. Garnish with strips of pimiento and pour French dressing over it.

A suitable dessert to complete this menu is Fruit Supreme, which, though simple in preparation, is delicious to the taste and most appealing in appearance.

S. P. LINES CONSOLIDATED

Consolidation on February 1 of the Southern Pacific lines north and south of Ashland, under the jurisdiction of Federal Manager W. R. Scott is announced by the United States railroad administration. This change restores the organization of the railroad's Pacific system as it existed before federal control, and is in preparation for the return to private ownership on March 1. Since the lines were taken over by the government, the portion north of Ashland to Portland has been operated by Federal Manager J. P. O'Brien in the northwestern region, and the lines south to Ogden and El Paso by Federal Manager W. R. Scott in the central western region.

Federal Manager Scott announces the appointment of H. A. Hinshaw as assistant to the federal manager with headquarters at Portland. Hinshaw was formerly general freight agent at that point.
