Director General of the United Simultaneous Financial Campaign of the Interchurch World Movement.

ROAD BONDS DISCUSSED

(Continued from Page One)

during the past four years. Ten thousand dollars should go toward securing and resurfacing, \$20,000 toward equipment, tools and materials; \$10,000 for rock crushers; funds; \$5,000 for roadmaster, assistants, Harrisburg ferry and incidentals. Deducting all of these amounts from a total of \$140,000 from the fund available, \$165,000 leaves \$22,000 for specific road projects. This apparent surplus is, however, mortgaged to past indebtedness. Lane county has something like \$75,000 outstanding warrants for road work done in 1919 and some \$50,000 of unpaid obligations incurred in building the Pacific highway.

Lane county has a bonded tax amounting to \$10,000 delinquent from 1919 and following years, in date that stand as far as \$100,000 in delinquent obligations. There over, it is impossible to say when these delinquent taxes are to be paid. Even when they will, a small portion can be used on roads. From year to year these delinquent obligations take \$100,000, all of which Lane county has delinquent taxes.

Warrants Must Be Retired

How, then, this amount of \$40,000 will be paid off during the year just terminated with \$10,000? said Pierce. It will take a hundred in going with \$100,000 in coming. Warrants are not a cash asset. In the year 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, 1940, 1941, 1942, 1943, 1944, 1945, 1946, 1947, 1948, 1949,
