### SPRINGFIELD CIVIC CLUB IS LIVE ORGANIZATION

It will be of interest to the people of Epringfield to know that we have an energetic body of women working for the benefit of our city. They are known as "The Ladies' Civic Improvement Club." They are planning for a public rest room, a city park where social gatherings can be held curing the coming summer. They have a number of signs ready to be placed at various intersections of the highways. These slens have the name of Springfield in large letters. The direction to and the number of miles to Springfield. They have several other plans in view which will undoubtedly put Springfield on the map in large black letters. Their moeting nights are the second and fourth Tuesdays in the month. Everybody is welcome.
