

Jasper News

Mr. B. F. Sylvester is at home now and is improving his recent operation. Miss Bertha Lindley sprained her ankle quite severely last Friday evening, but is able to be around on crutches now.

A party was given last Friday evening at the Jasper Hall in honor of Fred Bauer, who left on Tuesday for Nebraska for the summer.

The program and basket social given at the Edenville school last Saturday night was well attended. Over \$63 was raised for the relief of the Armenians.

Mrs. Lombard and daughter, Maurine, attended the S. H. S. play which was repeated at Thurston last Saturday evening.

Mr. and Mrs. Devine have sold their farm and are expecting to leave in the near future.

Mr. J. C. Walla, who has been

quite sick at his home, is improving. Amy Love spent Sunday with Lucile Day.

Will Devine of Clatsop spent Sunday at the home of his parents.

There were church services at the Jasper church last Sunday both morning and evening.

Miss Ruth Porin and Miss Clara Irvin spent Monday evening at the Bauer home.

Miss Ruby Keaver, of Trent, spent the weekend with Miss Hazel Devine.

INDUSTRIAL REVIEW

April 26.—Total state taxes for 1920 \$32,596,695, increase of \$7,000,000 over 1919.

Report to state development league show increased scarcity of farm labor and large increases in small fruit acreages.

Hops have reached the dollar mark, highest price paid in 38 years.

Salem.—A new source of state revenue is derived from collecting ten cents a load from gravel taken from the Willamette river. If this rule were applied to all streams in the state it would raise a large sum annually for the state treasury. A state license tax on dances that are now supervised by counties would also produce large revenues.

Gervais.—Three peppermint distill-

ing plants to be built near here.

Springfield to have \$25,000 meat packing plant.

Portland plans new armory costing \$300,000 to seat 40,000 people.

Coos county will vote on \$1,000,000 road bond issue.

Leland.—30,000 capacity sawmill to go up on Brimstone creek.

In Cornucopia district, Baker county, new ore lead at Last Chance Mine reported struck.

Haines.—Farmers to build \$30,000 co-operative grain elevator here.

Myrtle Creek, Grants Pass and Ridge to build fruit packing plants.

Coos county shipped 3,500,000 lbs cheese, 909,000 lbs butter and 4,999 cases of condensed milk in 1919.

The Dalles.—Plans for airplane landing are being made.

Florence Shingle Company enlarging mill.

Portland.—\$45000 warehouse to be built here.

St. Helens.—Congregationalists to erect new \$10,000 edifice.

Roseburg.—Site has been purchased for new sanitarium.

Klamath Falls.—Large new hotel almost completed.

Portland company building 15 new bungalows.

Salem.—500 acres to be planted to strawberries.

Notice

DR. S. RALPH DIPPEL will be in Wendling Monday Tuesday and Wednesday, May 3-4-5. Will be in office in Springfield, Thursday, May 6.

The Whole Secret of A Better Tire

Simply a Matter of the Maker's Policies

This you will realize—once you try a Brunswick—that a super-tire is possible only when the name certifies that the maker is following the highest standards.

For tire making is chiefly a matter of standards and policies—cost plus care. Any maker can build a good tire if he cares to pay perfection's price.

All men know Brunswick standards, for Brunswick products have been famous for 74 years.

Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go—how much he can afford to give.

For there are no secrets nor patents to hold one back.

To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories have done.

Then it is a matter of combining the best features and building according to the highest standards.

Once you try a Brunswick you will understand how we have built model tires, regardless of factory expense.

Yet Brunswick Tires cost you the same as other like-type tires. Our saving is on selling cost, through our nation-wide organization.

We realize that you expect more from Brunswicks, and we assure you that you get it. ONE Brunswick will tell you the story.

And then you'll want ALL Brunswicks. No other tire, you'll agree, gives so much for your money.

WORK AND PROSPERITY

(Chicago Herald and Examiner)

Put one hundred men on an island where fish is a staple article of sustenance. Twenty-five of the men catch fish. Twenty-five others clean fish. Twenty-five cook the fish. Twenty-five hunt fruit and vegetables. So long as everybody works there is plenty. All hands are happy.

Ten of the allotted fish catchers stop.

Ten more dry and hide part of the fish they catch.

Five continue to catch fish but work only part of a day at it.

Fewer fish go into the kitchen.

But the same number of men insist upon having the same amount of fish.

The fifty men who formerly cleaned

and cooked the fish have less to do owing to the under supply of fish. But they continue to demand food.

Gradually greater burdens are laid upon the fruit and vegetable hunters. These insist upon a larger share of fish in return for their larger efforts in gathering fruit and vegetables. It is denied them and soon twenty of the twenty-five quit.

But the entire one hundred men continue to insist upon their right to eat.

The daily food supply gradually shrinks. The man with two fish demands three bananas in exchange for one of them. The man with two bananas refuses to part with one for fewer than three fish.

Finally the ten men remainder at work quit in disgust. The hidden fish are brought to light and consumed. Comes a day when there is no food of any kind. Everybody blames everybody else.

What would seem to be the solution?

Exactly! We thought you would guess it.

For we repeat that you can't eat, buy, steal, give away, hoard, wear, use or play with or gamble with what isn't.

Statement of the ownership, management, etc., required by the Act of August 24, 1912, of the Springfield News published weekly at Springfield, Oregon, for April 1, 1920. Editor, Samuel H. Tyler, Springfield, Oregon Publisher, Tyler & Freeland, Springfield, Oregon. Owners: Samuel H. Tyler, Springfield, Oregon, H. B. Freeland, Springfield, Oregon. Known bondholders, mortgagees, and other security holders, holding 1 per cent or more of the total amount of bonds, mortgages, or other securities: Miss M. Morris, Springfield, Oregon; First National Bank, Springfield, Oregon. Signed: Samuel H. Tyler, Editor.

KEEP BEES!

If you own an orchard you must have bees if you would secure the largest crops of the most perfect fruits, as proper pollination is essential for best development and **bees are the only dependable pollenizing agents.**

You can keep bees anywhere that they can forage within a mile—they require but little attention and will often render you a splendid profit. We can start you right and save you unnecessary work and expense.

Our Bee Supply Catalog lists everything necessary for the successful production of honey; tells how to care for and handle bees.
