A NEW MEMORIAL DAY.

Sunday, May 30, will be the second Memorial Day since the end of the great world war. The day now has a double significance and is dedicated to the brave men and true patriots, who in all great crises did their duty with a courage and devotion that will ever be a reproach to civilian slackness. It will be an inspiration to more faithful and unselfish service in the future. As Lincoln said in his great address at the dedication of the Gettysburg field: "From these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion."

The dead soldiers of all American wars gave their lives for liberty and justice.

Hence this day of American re-consecration is for the heroes of all American wars, the living and the dead, those who laid down their lives and those who offered the supreme sacrifice but were spared to a later generation. It matters not whether

they laid down their lives in the Virginia or the Argonne wilderness; it matters not whether their bodies are here or in France, the day is dedicated to their memory, and we pause in our activities to pay them fitting tribute.

It ought not to be difficult for us to serve and be loyal to a country for which these men were willing and proud to lay down their lives. There are many lessons in the history of their deeds for us to learn.

As David Gregg says, "We honor our heroic and patriotic dead by being true men, as true men by faithfully fighting the battles of our day as they fought the battles of their days."

Now that plans have been laid for a rousing Fourth of July celebration, let everybody in Springfield work together to make a huge success of it. Springfield and its community should be able to put over as good a celebration as any other town in the county or state. The right spirit and co-operation of everyone will bring the results. We want everyone in the

county to come and have a good time with us on the 3d of July.

And be sure to plan to attend the chautauqua which will be here the first week in July.

I AM THE COUNTRY WEEKLY

I am the Country Weekly.

I am the friend of the family, the bringer of tidings from other friends; I speak to the home in the evening light of summer's vine-clad porch or the glow of winter's lamp.

I help to make this evening hour; I record the great and the small, the varied acts of the days and weeks that go to make up life.

I am for and of the home; I follow those who leave humble beginnings; whether they go to greatness or to the gutter, I take to them the thrill of old days, with wholesome messages.

I speak the language of the common man; my words are fitted to his understanding. My congregation is larger than that of any church in my town; my readers are more than those in the school. Young and old alike find in me stimulation, instruction, entertainment, inspiration, solace, comfort. I am the chronicler of birth, and love and death—the three great facts of man's existence.

I bring together buyer and seller, to the benefit of both; I am part of the market-place of the world. Into the home I carry word of the goods which feed and clothe, and shelter, and which minister to comfort, ease, health and happiness.

I am the word of the week, the history of the year, the record of my community in the archives of state and nation.

I am the exponent of the lives of my readers.

I am the Country Weekly—B. A.

SALVATION ARMY MAKES MEN OF SOCIAL OUTCASTS

Following a well known rule the Salvation Army, in its industrial homes, is taking the class of man who early finds his way to the poor house and rehabilitates him, makes him over, gives him confidence in himself and turns him over to employment that enables him to sustain himself.

The County Government makes "a down and out" habitual indigent. It makes them a monthly allowance of money or goods for which it requires no service.

The Salvation Army takes the same man and gives him, not money, but work.

It pays him money for his work, and renews in him the knowledge that conscious and directed effort is entitled to and will bring him commensurate return.

It bathes him and wins him again to clean habit and thought.

It builds up his strength and his morale until he is fit again for the fight with the world.

Then it finds him employment and sends him forth to work that he is fitted to do.

Here in a nut shell is the story of the Salvation Army's Industrial Homes and the story of the Industrial Home in Portland, where scores of men from all over the state have found themselves.

About Digestion

It is claimed that only half as much food is required when it is thoroughly masticated. Digestion begins in the mouth and a thorough mastication of the food is of greatest importance. When needed take Chamberlain's Tablets to strengthen the digestion and insure a regular movement of the bowels.

Potato Flour Made at Gresham.

Gresham, Ore., May 25.—Substitute flours may have gone out of vogue since the war, but the spud product is still holding its own at Gresham, where the Northwest Potato Starch & Milling company is converting them into potato flour. It is now running its maximum capacity. J. G. Griffith,

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.

We Guarantee

Our Springfield Hard Wheat Flour to be equal to any flour made in the West.

Our N0XALL is a blend of hard and soft wheat. A medium flour at a medium price.

SNOWBALL as good as any soft wheat flour. A straight valley flour at a price.

A chance to make a nice saving. Buy our flour at any store at last falls prices.

Most flours have advanced, ours will advance soon.

SPRINGFIELD MILL AND GRAIN COMPANY

inventor of the process, expects to line up enough acreage to keep the plant in steady operation after mid-summer and will prepare to increase its production. The factory is using culls, thus doing away with a big waste.

Picnickers Enjoy Day at Blue River.

Five cars of Springfield people made up a party which motored to Blue River Sunday to spend the day. Those who made the trip were Mr. and Mrs. Carl Olson, Mr. and Mrs. L. May, Mr. and Mrs. O. H. Jarrett, Mr. and Mrs. William Paris of Mabel, Mr. and Mrs. M. T. Cyr, Russell Olson, Dorothy and Doris Girard, Kenneth and Charles Girard, Audrey Perkins, Winifred and Verdon May.

FARM REMINDERS

Seasonal Suggestions on Things Often Overlooked, As Seen by the State College

POULTRY: Reports have been received by the poultry department of the college that the state is being systematically worked by agents who are selling remedies, sprays, and disinfectants. In some cases it is reported that the agents represented themselves as agents of the college, and their plan of operation seems to be to visit the farmers or poultryman

as poultry experts and offer their services. The methods recommended, as reported to the college, for the destruction of pests are practically worthless, and the prices charged for the disinfectant or sprays are exorbitant.

PLANT PATHOLOGY: The college has issued several late spray bulletins for information on the spray program for various diseases and pests. These will be sent free on request. It is the worst possible way to try to save time or materials in spraying. The result is almost invariably more scab and worms. One must cover every bit of surface thoroughly as possible if full protection is to be secured.

FARM MANAGEMENT: Whether you like improved appearance or not, it is a profitable thing to keep the buildings and machinery well painted. Paint is the cheapest building material on the market. More money can be covered by a coat of paint this year than ever before.

FARM CROPS: It is desirable to plant the kind of potatoes you expect to harvest. Better quality is to be desired in potatoes this year rather than increased acreage.

Poultry—Good feeds and good feeding means good growth and small loss. An underfed chick will not develop properly but will be undersized and lacking in vitality. Even though it may inherit good laying capacity it will not be a profitable egg layer.

These Tires Are a Revelation

The Brunswick is frankly a combination of the best in tire building.

There is one tread that's supreme beyond question. And that is now on Brunswicks.

There is one side-wall construction, which, by every test, holds the summit place for endurance. And that one was adopted for Brunswicks.

Fabrics differ — up to 30 per cent — in their strength tests. On Brunswicks the maximum long-fiber is the standard.

There are certain additions, each one expensive, which add vastly to tire mileage. The Brunswick embodies all these extras.

There are no patents, no secret formulas to prevent any maker from building the best. It is simply a question of knowledge and skill—cost plus care.

Brunswick standards are known the world over. The very name certifies an extraordinary tire. Yet Brunswicks cost no more than like-type tires.

Buy ONE Brunswick. It will prove that a better tire cannot be bought, regardless of price.
