to progress. He deplored the high nervous tension that is rapidly reducing family life to be a thing of the past. A number of resolutions of importance were adopted among which were the following: Indorsing the conduct of the United States forest service, opposing the acquisition of land by Asiatics, condemning the wrong use of emergency clauses by the state legislature, asking that legislation be enacted to permit only taxpayers to vote on bond issues, favoring investigation of the feasibility of the organization of a farmers' bank, recommending improvement in transportation facilities (including the postal service), urging the designation and construction of market roads, favoring the national standardization of schools with the head of the system a member of the president's cabinet, recommending the substitution of water power for gas and development so as to furnish power for the use of the farmer.

"HEARTEZE"

I'm kinda glad vacation's here. An yet, when I come to think My eyes try to go a swimmin' An' my throat goes on the blink. I like to kid the janitor And tell the teachers I'm glad to go But way down in my heart I'm not so sure, you know. And when the superintendent Comes up an' shakes my hand And says "Good-bye, come again Next fall"—I'm fanned. An' when I'm strappin' up my books My Jane comes and sweetly smiles, Say when I thought o' leaving her The blood in me jes' biles. There I had to stand an' grin Like a bloomin' bum. I 'spect she thinks I'm kinda funny An' can almost hear my brains hum. I wants to take her in my arms And tell her sad "Good-bye," But I just stood and looked at her An' monkeyed with my tie. At last, I walked off down the street A whistlin' "Yankee Doodle," I looked back about a hundred times Cause I love the whole caboodle. I 'spect to be a sodie squirt An' dish out ice cream cones, Sell magazines and kid the girls, An' rake in—six bones. Then back to school I'll hike again When it opens next September; I'll greet my friends an' teachers An', by jibbes, become a S. H. S. member. By RALPH LOVE.

Those in the graduating class were: Florence Fish, Alice McBea, Juanita E. Lombard, Mona E. McHenry, Opal L. Mason, Sybil A. Westfall, Earnest

I. Korn, Dell H. Powell, Clarence R. Powell, Russell C. Olson, George W. Williams.

FIFTY HIGH SCHOOL ANNUAL IS SUCCESSFULLY PUT OUT

The Annual which was put out by the students of the Springfield high school this year is excellent volume, well gotten up and written. The book contains over a hundred pages and is handsomely bound. It is profusely illustrated, both with half tones of the school board, faculty and class members and scenes about the school ground. There are also a number of clever cartoons drawn by Joe Deets, who was the editor of the book. Charles Girard was business manager. Much credit is due the students and faculty of the school for putting out the edition, both financially successful and from a literary standpoint. This was the first annual for four years.

THURSTON HIGH SCHOOL GRADUATES TWO STUDENTS

The commencement exercises of the Thurston high school will be held Friday evening, June 11, in the Thurston church. Two students, Jack Herbert and John Taylor, will receive diplomas. A member of the O. A. C. faculty will deliver the address.

The baccalaureate sermon was delivered last Sunday afternoon by Rev. Stivers of the Eugene Christian church.

The annual picnic of the high school is being held this evening at the Stafford school grounds near Camp Creek. Last Saturday night the high school put on a program and ice cream social for the purpose of raising money to pay off an indebtedness on a phonograph and other equipment recently purchased. They cleared \$79.86 which will leave a balance for the high school fund. A large crowd attended and a good time was reported.

This means that the Volstead law prohibiting the sale of beverages containing one-half of one per cent or more of alcohol must be enforced in every state, regardless of whether the state has ratified the amendment.

Employees Get Lumber at Low Price.

Bend, Ore., June 8.—The Shevlin-Hixon and Brooks-Scanlon Lumber companies, the two largest industries of this city, will help solve the housing problem by furnishing lumber to their employes and residents of this city for home building purposes at a price less than that received for their product f. o. b. cars at their own mills. The lumber companies will also finance the building of homes and let employes pay for them by deducting a small sum from each month's wages. The plan has just been placed in effect and lumber is now being delt out under these conditions.

The 1920 payroll for these two mills alone will be close to \$3,000,000 and with their present holdings of timber in this region the mills can operate at this capacity for 30 years.

A number of meetings of the Pacific Poultry Producers association will be held at several different points in southern Washington and the Willamette valley this week in an effort to bring into the association the principal poultry producers of these sections. Among the meetings

The Pacific Producers organization has for its aims the bettering of marketing conditions, and was recently formed from the Oregon Poultry Producers association which was organized about a year ago. It is hoped by those interested that the new organization will have even a greater scope and be able to do more effective work.

Chamberlain's Colic and Diarrhoea Remedy.

Every family should keep this preparation at hand ready for instant use when needed. Severe attacks of colic and cholera morbus often prove fatal before medicine can be procured or a physician summoned. The uniform success that has attended the use of this remedy and the prompt cures which it has effected have made it a staple article of trade.
