Mrs. Linda Harrod Endorses Chamberlain's Tablets.

"I suffered for years with stomach trouble and tried everything I heard of but the only relief I got was temporary until last spring I saw Cham-

berlain's Tablets advertised and procured a bottle of them from our drugist. I got immediate relief from that dreadful heaviness and pain in the stomach after eating. Since taking two bottles I can eat anything I want without distress," writes Mrs. Linda Harrod, Ft. Wayne, Ind.

NOTICE TO WATER CONSUMERS.

It has come to our notice that many water consumers in Springfield are disregarding our rules in regard to irrigation. The hours in which irrigation is allowed is from 6 to 10 in the morning and from 5 to 9 in the evening. On account of the large amount of water used at this time of year, we will be compelled to shut off the water of any one using it for irrigation outside of these hours.

When the train came in back in 1910

TEN years ago you might have seen one or two automobiles waiting outside the station, when the weather was pleasant.

Today the square is crowded with them. And most of the cars you generally see there are moderate-price cars.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.

ROYAL CORD—NOBBY—CHAIN—USCO—PLAIN

Anybody who tells you that owners of moderate-price cars are not interested in the quality of their tires has never met very many of them.

We come in contact with the small car owner every day and we have found that he is just as much interested as the big car owner.

There is one tire, at least, that makes no distinction between small cars and large cars so far as quality is concerned—the U. S. Tire.

Every U. S. Tire is just like every other in quality—the best its builders know how to build.

Whatever the size of your car, the service you get out of U. S. Tires is the same. It isn't the car, but the man who owns the car, that sets the standard to which U. S. tires are made.

We feel the same way about it. That's why we represent U. S. Tires in this community.
