Statement to the Public

On Saturday, July 24, I held an Auction Sale across the street from my store and a fair crowd attended, in fact, a larger crowd than was expected. I plan to hold a series of these sales, the next to be Saturday, August 7th, at 1:00 P. M. A list of the goods will be published in the next issue of The News.

On the date of each sale I will pay ABOVE MARKET PRICES for EGGS and PRODUCE in an effort to cause the farmer to stop in SPRINGFIELD. With the cooperation of other businesses in town these sales could be made a good drawing card for Springfield.

I positively state that at the sale Saturday there was no so-called "buy bidding," and I further state that there will be none. The high bid takes the goods regardless of cost. Any reports to the contrary are ABSOLUTELY FALSE. I kindly ask the one or two knockers to bring their hammer to the next sale and auction it off. But remember, they can't bid it in!

Yours truly,

In tune with progress

Lubrication has advanced since the days of tallow on the wagon hub. Today it is a science,—with a grade of Zerolene for each type of engine.

It is significant that more than half the motorists of the Pacific Coast States follow the advice of our Board of Lubrication Engineers and use Zerolene of the correct grade for their automobiles. This is resulting in better performance and longer life for the cars.

You, too, should use Zerolene.

There is a grade for each type of engine and a separate Zerolene Correct Lubrication Chart for each make of car. Get one for your car at your dealer's or at our nearest station.

Use Zerolene for Correct Lubrication.
