WOULD RUIN THE STATE

In many localities throughout Oregon, meetings have been called for discussion among farmers and business men, of a constitutional amendment, proposed by initiative which is to limit the legal rate of interest to be charged in the state of Oregon to 4 per cent on all moneys after they become due, and 5 per cent on what are known as contract loans. The measure will go before the voters at the general election to be held Tuesday, November 2.

It is estimated that 70 per cent of money loaned in Oregon comes from outside the state and this would be withdrawn over night if such a measure as this should pass.

The wording of the proposed measure appears to benefit the borrower by giving him cheap interest rates but low rates without any money to borrow will not help the man needing money.

With the U. S. Government paying 6 per cent for money, what chance would individuals in Oregon stand to get it at 4 and 5 per cent?

Franklin T. Griffith, pres., of Portland Ry. Lt. & Power Co., says the measure would literally ruin the state. It would close industries and throw thousands of men out of work.

Isn't it a fact that the man who used to drive a horse toots his automobile horn the loudest when a team gets in his way?

Sam Yockey, of Eugene, was in Springfield Wednesday on his way to Marcola where he contemplates buying a barber shop. Mr. Yockey is

at present employed in Ole Lee's shop in Eugene.

Cured of Stomach Trouble and Constipation

Rachel Cribble, of Beaver Dam, Ohio was sick for two years with stomach trouble and constipation, taking one medicine after another with only temporary relief. "My neighbor spoke so enthusiastically of Chamberlain's Tablets" she says "that I procured a bottle of them at our drug store to try. A few days treatment convinced me that they were just what I needed. I continued their use for several weeks and they cured me."

NOTICE TO WATER CONSUMERS.

It has come to our notice that many water consumers in Springfield are disregarding our rules in regard to irrigation. The hours in which irrigation is allowed is from 6 to 10 in the morning and from 5 to 9 in the evening. On account of the large amount of water used at this time of year, we will be compelled to shut off the water of any one using it for irrigation outside of these hours.

This is unquestionably one of the most successful medicines in use for bowel complaints. A few doses of it will cure an ordinary attack of diarrhoea. It has been used in nine epidemics of dysentery with perfect success. It can always be depended upon to give prompt relief in cases of colic and cholera morbus. When reduced with water and sweetened it is pleasant to take. Every family should keep this remedy at hand.
