NOTICE TO WATER CONSUMERS.

It has come to our notice that many water consumers in Springfield are disregarding our rules in regard to irrigation. The hours in which irrigation is allowed is from 6 to 10 in the morning and from 5 to 9 in the evening. On account of the large amount of water used at this time of year, we will be compelled to shut off the water of any one using it for irrigation outside of these hours.

Lee Clark, Secretary. F. A. Rankin, R. W. M.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and "testimo-nial".
