To the people between Pleasant Hill and Deadman's ferry and Eugene and Natron: Mr. Dean is back on his old stamping grounds for a while. He is going to saw wood as he did years ago with his son, Orville. You give him your order and he will see that everybody's wood is sawed just as fast as he can get to it; the saw will run steady. Orville will keep the saw and saw wood in Springfield for some time to come. Phone your order to Springfield, 28F3.

Yours very respectfully,  
GEO. I. DEAN

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and "testimonial."
