

TOWN AND VICINITY

E. E. Brattain left Monday morning for Florence and other points in western Lane county on business.

To the people between Pleasant Hill and Deadman's ferry and Eugene and Natron: Mr. Dean is back on his old stamping grounds for a while. He is going to saw wood as he did years ago with his son, Orville. You give him your order and he will see that everybody's wood is sawed just as fast as he can get to it; the saw will run steady. Orville will keep the saw and saw wood in Springfield for some time to come. Phone your order to Springfield, 28F3.

Yours very respectfully,
GEO. I. DEAN

F. R. Adams and family made camp in the public camping grounds on Saturday, remaining until Tuesday while having their car repaired. They are on their way to San Diego from Portland where they have been living for the past year. Mr. Adams says that he likes this part of the country and may return to locate on a farm near here.

Dr. S. Ralph Dippel, dentist, Springfield, Oregon.

I Wienstien, formerly a member of the Farmers Exchange firm, was in Springfield this week on business. He is now making his home in Burns, Ore., having motored over by way of the McKenzie pass.

Mrs. R. L. Drury and son have returned from an extended visit in Oklahoma and California with relatives. Mrs. Drury's mother, Mrs. Jane Dixon, accompanied her home and will remain here during the winter.

Miss Lena Brewer, who has been employed in Kotel's drug store, is attending O. A. C. this year, entering as a sophomore.

W. F. Cline and son are starting a milk route. Anybody wishing pure Jersey milk call 34F3 Springfield. Prices are 12 1/2c a quart; 7c a pint.

Mr. and Mrs. N. L. Howard are spending this week at Falls City visiting with Mrs. Howard's parents, Mr. and Mrs. D. E. Brown. Mr. Howard is spending part of his vacation on a hunting trip. They have recently moved to their new home on A street.

Paul Brattain, son of Mr. and Mrs. Paul J. Brattain, has returned to Springfield and will attend high school. Mr. Brattain will return later.

Mr. and Mrs. J. B. Proudft, of Enfield, Ill., who have been visiting at the home of their son in this city, V. C. Proudft, left Monday enroute for their home. They will stop in Portland for about a month to visit with another son before going on to their home.

Buy Eggmann's milk bread, 12c and 17c.

C. T. Wilson, whose home is in Springfield, but who has been employed in the Booth-Kelly mill at Wendling, has been dismissed from the Eugene hospital where he was taken when he suffered a severe cut in the leg.

Miss Gladys Guller, of Bandon, has arrived in Springfield to make her home with her sister, Mrs. S. Ralph Dippel during the winter. She will attend the U. of O.

HOME PAPER AD SELLS IT.

"Ever try selling that pig or cow or old plow or thousand baby chicks by an ad in the local paper?" asks George W. Kable, Benton county agent of his farm Bureau News readers. "It's a cheap and easy way to get your wants before the public. It's a good thing to watch the ad columns of the home paper, too, for some good bargains are often found there. Every farmer should subscribe for the county paper. Many news items, notices and local events you ought to know you will never know unless you read the home paper. We say this because we believe it and because the papers have always been 'Johnny-on-the-spot' in aiding the farm bureau."

NOTICE OF FINAL SETTLEMENT

Notice is hereby given that the undersigned has rendered and filed in the County Court of the State of Oregon for the County of Lane, her final account as administratrix of the estate of Hortensia A. Carney, deceased and Saturday the 30th day of October, 1920, at the hour of ten o'clock a. m. of said day at the County Court Room in said County has, by order of said Court been fixed as the day, time and place of hearing objections to said final account and the settlement thereof. INDUSTRIAL EDUCATION

The justice of providing for the vocational education of persons injured in industry is a lesson learned from the war.

An act of congress provides for federal co-operation with the states and appropriates \$750,000 for the fiscal year ending June 30, 1922.

It seeks to make concrete the growing desire that no man shall be deprived of the means of earning an honest living through circumstances involving no fault of his own.

This industrial rehabilitation measure promises to revolutionize our conception of the place so-called cripples in the world.

The number of annual victims of industrial accidents is very large, exceeding the number of those disabled in the period of active fighting in the war.

The old way was to abandon the victim to mendacity and to accent him as a zero in production; the new is to encourage him to add to the wealth of the world.

In dollars and cents, as well as in innumerable ways, the industrial victim recovers many times over the money expended on his re-education.—The Oregonian.

STOP BURNING THE HIGHWAYS

That is what you would say if you should see some vandal with a high torch setting fire to our splendid hard surface highways and literally burning them. These splendid highways are costing money, hard cold cash, and the people of the state are paying it. They appreciate the highways because they are tired of driving automobiles through the mud, and are willing to spend the money, they are learning the value of good roads and would seriously object to seeing them destroyed.

Do you know that with the value of the property burned in the state of Oregon each year we could build two million dollars worth of highways. How long would it take to supply the state with good roads if we could save this fire loss? Let us stop burning the buildings and we will have more money to build highways. It is as broad as it is long. A dollar destroyed is the same as a dollar lost or a dollar not earned. If we spend the dollar we get some value for it and if we spend it for highways we get great value for it, so instead of burning the dollars let us prevent the fires and spend them for highways.—Fire Marshal's Bulletin.

A want ad will work for you.

Let Us Forget

Let us remind you that Chamberlain's Tablets not only cause a gentle movement of the bowels but improve the appetite and strengthen the digestion.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

"In Every Respect" says the Good Judge

You get more genuine chewing satisfaction from the Real Tobacco Chew than you ever got from the ordinary kind. The good tobacco taste lasts so long—a small chew of this class of tobacco lasts much longer than a big chew of the old kind. That's why it costs less to use.

Any man who has used both kinds will tell you that.
