with dry baking soda and then pouring on turpentine. Let set 20 minutes and wash in lukewarm water and soap.

Grass stains are removed by rubbing the stain in coal oil.

Fresh paint is removed by covering with turpentine and letting stand over night.

Washable Curtains

Washable curtains should be folded in quarters and left so through all the soaking and washing, unless the material is quite strong. Soak first in cold water. Warm water would set the grime so the curtains would never come snow white again. Change plenty of soap. When the first dirt disappears, use warm water and finally hot.

Improve Your Digestion

If you have weak digestion eat sparingly of meats, let at least five hours elapse between meals, eat nothing between meals. Drink an abundance of water. Take one of Chamberlain's Tablets immediately after supper. Do this and you will improve your digestion.

HARDING AT CLOSE RANGE

(By Joe Mitchell Chapple) Warren G. Harding's life represents an honest reward for honest toil. His wealth is not counted in millions. He has not accumulated money other than through the slow and sterling process of business. Every penny of

his money has come through clean and square dealing with fellow-men. In business or in private life there is no deal of Warren Harding's that took an unfair advantage of friend or foe, no matter what the profits might promise. As a leader in the onslaught that is sure to come against profiteers and their ill-gotten gains, Warren G. Harding is the man who understands the burdens of the multitude and how honest profits are a safeguard to industrial stability.

FIRST GOAT DAIRY IN OREGON

Portland, Ore., Oct. 20.—The only goat dairy in the northwest is being established by the Portland Goat Dairy company, a new local corporation, which has secured range privileges on a 600 acre tract near Rocky butte. It now has 120 milk goats. Later the herd will be brought up to 1000 animals and the company will enter the cheese-making field.

SILOS MADE AT ALBANY

Albany, Ore., Oct. 20.—Two of the members of the firm of the Alco Wood Products company here, now rebuilding its plant that was destroyed by fire, have disposed of their half interest and will take over and operate a sawmill formerly owned by the Alco company at Antaut. The new Alco plant is to turn out principally silos.
