NOW FOR WORK

Senator Warren G. Harding has been elected president of the United States by the greatest majority ever given a president.

The country has signified that it is done with one-man government. The management of the government requires the counsel and guidance of many minds and the efforts and work of a multitude of hands. As president Mr. Harding will see to it that such

a condition prevails. He has expressed his intention of surrounding himself with the best advisors and executives. And in doing so he will best serve the nation.

The election of Harding means a frank facing of the problems as they exist and earnest endeavors to solve them.

The next four years will be difficult ones but they will also be glorious ones.

After a heated election which resulted in a victory for the Republicans, the fellows exchanged their pennies, tablets, hats, etc. No political fights were staged and on the

whole the pupils seemed very calm. The woman suffrage of the school made the biggest noise, some of them even so far as to say that if it hadn't been for their votes there wouldn't have been any election. Many measures, in fact all the measures were

CALUMET
 BAKING POWDER

"BEST BY TEST"

It possesses the highest quality ever put into a Baking Powder. Contains only such ingredients as have been officially endorsed by United States Food Authorities.

For weeks, for months, it keeps as fresh and full of strength as the day it left the Calumet Factories, the World's Largest, most Sanitary and Modern Baking Powder plants.

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

voted on. All took interest in the election and some are just winding up for a real vote next election. Seems as though all the students didn't vote.

JUNIOR SOCIAL

Last Friday night the Juniors came across with a very unique Halloween party at the quaint old high school building. The rooms were artistically decorated in black and orange with several cats, pumpkins and sketches on the black board, all which gave the ghostly Halloween effect. To add to this hair raising bunch of ghost hunters, a ghost appeared every now and then, which made the atmosphere so chilly they had to build a fire. Some thrilling ghost stories were told by Miss Forsythe and Mr. Robes. Games were played and fortunes told, after which partners were chosen and every one enjoyed a dainty Halloween supper. At a late hour the merry makers started homeward with ghost stories on their minds—half expecting—no one knows what—unless it would be the annual prelude—"Ghosts".

"Windjammers" Organize

For many years Springfield high school has been without an orchestra or band (although it always had a band of rough necks and log rollers). Mr. Perfect offered his services toward starting an organization of this kind. Mr. Perfect says he sees bright prospects for the school along this line and with the aid of Miss Derflinger, one of his former students, he hopes to start his task early this month. Miss Derflinger is making the preliminary preparations and if anyone in high school with knowledge of music or without can get full particulars from her. It's high time for the school to arouse from its slumber and do something really worth while.

OWNER OF CAR, NOT DRIVER, RESPONSIBLE

An important point of law, of interest especially to motorists, was passed upon by Judge J. F. Skipworth of the Lane county circuit court, recently. The judge decided that although a motor car owner's wife or child may be driving the car, the owner is liable for damages in case of a collision with another car or with a person, when it is proved that the driver is at fault.

The ruling was made in the case of Homer Bringle against M. Bouchard, in which Bringle sought to recover \$95 damages from Bouchard. Bringle's and Bouchard's cars collided on a Eugene street July 6 of this year, the latter being driven at the time by Bouchard's wife. Bringle's car was pretty badly damaged and he sought redress in court, alleging that Mrs. Bouchard was to blame, but the jury found in her favor.—Cottage Grove Sentinel.
