**OREGON'S SHARE IN NATIONAL FOREST RECEIPTS IS \$121,623.51**  
 Thirty-one of the counties of Oregon share in the distribution of \$121,623.51 derived from national forest business in the state during the fiscal year 1920, according to figures furnished by forest service officials here. This amount is 25 per cent of the total receipts from the national forests for this fiscal year in Oregon and goes to swell the road and school funds of the counties in which the forests of the state are

located.  
 The amount turned over to the state from this source for 1919 was \$115,405.65. Including the first payment of \$7,585.96 in 1906, the state has received to date from this 25 per cent fund \$879,933.51 for distribution to the national forest counties. Lane county as 1,357,402 acres in the four national forest reserves in the county, distributed as follows: Cascade forest, 977,232 acres; Santiam forest, 28,518; Siuslaw, 194,868; Umpqua forest, 156,784.

**"Let's Do Something"**  
 Let's do somethin', yes, let's do, we are not doing enough now, we ought to do something more, for instance, let's do something foolish—lets do something so what we've started will be a failure. That's the

whole story, we all want to do something but we don't know what it is. Keep it on our minds till the new wears off (like ladies do their hats) then forget about it. If we can't finish what we've started let's don't start anything, but just lean back to

our seats and dream the hours away, let some one else do the "exciting" stuff, it isn't good for "children" to indulge in school activities. Besides there's always some "bird" who will try to keep up the fire. Then when you grow old and think back over your school days your conscience won't hurt you. "We never done nothin' in our school, everyone was lead, and we had a bone head president, it wasn't my fault". Now is your first, last and only chance to do and finish something that's really worth while. If not—go away and let me sleep.

There seems to be something wrong with Ralph Love's mind, read this:

Some love to sit far from their girls, and talk of shows and things. But I—love to sit up close, and talk about diamond rings.

Beany P.: "Hey, teacher, the fire is going out."  
 Joe: "Shut the door!"  
 I aint never seen one of them there things.

Say fellow, didn't you ever study English.

Shut up, Peak, don't show your ignorance by asking that question.

Sylvia S. can't figure out why a ring on the finger is worth two on the phone.

An old mads union has been organized in school. The officers are Carrie Ditto, Helen Roberts, Edwena Parsons, Helen Stevens, Sylvia Strubin and Hazel Brattain.

**CORRECTION:**  
 We wish to apologize for making a statement in last month's Tattler about Miss Dorothy Anderson's age. She is as old as we thought she was but never the less she has very young ideas.

Part of the civic class who attended court Monday morning showed more interest in a bottle in one of the witness's pockets than in the court proceedings.

**A Reliable Remedy for Colds and Croup**

It would surprise you to know the number of people who use and recommend Chamberlain's Cough Remedy. Mrs. J. N. Rose, Verona, Pa., writes "Chamberlain's Cough Remedy has been used by myself and husband for a number of years for coughs and colds. I also gave it to my little granddaughter three and a half years of age when she had croup last winter. It broke up the attack at once. I have recommended this remedy to many of my friends and neighbors who have also used it with good results."
