

New Crank Case Service for Motorists

YOU probably know that after a few weeks of driving your lubricating oil becomes dirty with carbon, road dust and fine particles of metal, which circulate through your engine and cause unnecessary wear on bearing surfaces. And gasoline escapes past the pistons and dilutes the oil. Granted. There's nothing new about that—but—

Here's an absolutely new way to get rid of this dirty, diluted oil and put your engine in line for better performance and longer life. It is called Modern Crankcase Cleaning Service.

Modern,—because we use Calol Flushing Oil, the new, scientific,

thorough flushing agent that does not contaminate the fresh oil.

Our skilled mechanics know how to clean out a crankcase with it correctly and quickly, at a nominal cost to you.

This service assures proper lubrication for your cleaned engine. We refill the crankcase with fresh Zerolene of the correct grade.

We recommend Modern Crankcase Cleaning Service as the latest word for better engine operation and longer life for your car.

TODAY: Bring in your car for Modern Crankcase Cleaning Service.

SPRINGFIELD GARAGE

TIRES GIVE LONG SERVICE

A prominent Boston merchant has made what is believed to be a world's mileage record on a set of tires. On four United States Royal Cords his heavy touring car travelled 39,152 miles of steady, hard driving without a puncture, blowout or any tire trouble whatever.

"Proper inflation and an ordinary amount of attention have made it possible for me to attain this wonderful mileage," he stated. "My chauffeur advised me to buy Royal Cords and told me that with proper treatment they would give satisfactory service. When I followed his suggestion he took an interest in demonstrating to me that his judgment was good, and watched the tires to see that they were not damaged by harmful treatment. When I sold my car a short time ago, the tires had about completed their usefulness but they had covered 39,152 miles."

Serious Results from Colds
Colds not only cause a tremendous

financial loss but also a serious injury to every one who contracts them as they lower the vitality and prepare the system for the more serious diseases. It is not at all unusual for people who have serious lung trouble to say "I had a hard cold last winter". Why not take Chamberlain's Cough Remedy and cure your cold why you can.

Oregon Made Trailers Success

Portland, Ore., Nov. 24.—Trailers made in Portland by the Farm and Tourist Trailer company are now trundling after innumerable automobiles in this section. So great is the demand for these home products that the company will soon be compelled to enlarge the capacity of its plant. The firm is the pioneer in this business in Oregon.

NOTICE OF ROAD DISTRICT MEETING

To Whom It May Concern: Notice is hereby given that a meeting of the legal voters being resident taxpayers and owners of real prop-

erty in Road District No. 18, in Lane County, Oregon, will be held at the hour of two p. m., on the 27th day of November, A. THE SHS TATTLE

"World Wide Circulation"
Edited by Jay Deke & Co.

THE PLAY

A fairly good sized crowd attended the play, but never the less not as many as last year. About \$150 was taken in, leaving about \$120 net profit.

The play wasn't perfect owing to the limited amount of time in which it had to be prepared. Although every thing in general was a fair success, it is hoped that the people will support the next play with more enthusiasm.

"Soup"

Elroy: "The fellow playing there with the basket ball will be our best man."

Edwena: "Oh! Elroy, this is so sudden."

(Lowell Sikes 30 years hence): "Children, when I was a boy the teacher ruled us with an iron hand."

(His smart son): "Didn't they wear wooden arms then, pap?"

What animal took the most money in the ark?

You got me.

The duck took a bill, the other animals took four quarters, but the skunk took four quarters and a scent. Har.

Some of the noble alumni came to school Monday to show off, they intend to visit next week.

Farmer: "We will feed the cows corn on the cob today."

New Far Hand: "I tried that yesterday and they preferred it in the mouth."

Why is that girl looking at my nose?

Oh, she is a reporter for the Tattler. But why should she look at my nose?

ORCHESTRA WELL STARTED

Miss Derflinger is making preparations for starting the orchestra next week. Quite a number have already signed up to a bagpipe. Nothing has been done on account of getting ready for the play. Here's where Springfield gets some rare music.

Work on the basket ball hall will probably start next week, that is, if we ever get one.

They are supposed to watch for everything that turns up.

Mister Walter Post, a new frosh who is in great danger of being "vamped by some of the school's more poetic feminine sex, has employed Hawkshaw Halsey to guard his interests. Hawkshaw isn't very good along this line, for his weakness is "wimmin". All proposals must go through Hawkshaw's hands, so be careful ladies.

Mister Moses Pajama Pandrem is now turning his spare time into poetry. Possibly the Tattler will be able to buy some of his work.

SOME SCHOOL

We think, perhaps, if these few things mentioned took place, Then things would be more lovely, And we'd have a better race: If the girls would just forget awhile, The "location notice" on the third finger, And the boys forget awhile their "please be mine". This school would be a "dinger"! And if every one would get right down, Do what he thinks and knows is right, We think—we know—we can't be wrong, "Ole S. H. S. would win in every fight."

NOTICE OF ROAD DISTRICT MEETING
