

Xmas Suggestions

From the W. A. Hall Store

We have made a special effort this year to stock our store with gifts that will carry with them all the atmosphere of the holidays.

A Man may be a "boy grown up" but he certainly is past the "tin whistle" age and he appreciates most, something nice to wear.

- Ladies' felt slippers with hard or soft leather soles.
- Ladies' hosiery.
- Ladies' shoes, pumps and oxfords.
- Ladies' kid and knit gloves
- Ladies' sweaters in assorted colors.
- Ladies leather and velvet belts in colors.
- Ladies' parasols in colored silks.
- Men's felt and leather slippers
- Men's sweaters, slip-overs, jersey and Tom Wye knit wear.
- A fine assortment of Men's neckties. (Can't be beat for the money).
- Men's hosiery in cotton, silk and wool.
- Men's fancy dress shirts.
- Men's wool shirts.
- Men's suspenders, hose supporters and dress gloves.
- Men's mercerized and silk umbrellas.
- Men's and Boys' headwear.

Parasols are both a dainty and practical gift for women. There are also good Umbrellas for men.

GIRL MAKES DARING PARACHUTE DROP

Miss Sylvia Boyden, of England, recently staged an act in Denmark which made ten thousand people hold their breath, when she dropped over one thousand feet from an airplane by parachute in a terrific gale. She was fortunate to land in a swamp, which broke the force of the fall and left her uninjured. A few minutes later she continued her journey by plane to Copenhagen.

Good Advice

Take Chamberlain's Tablets as soon as you have finished your supper and they will produce a gentle movement of the bowels on the following morning. They will also improve your digestion and make you feel better in every way.

ALSEA BUREAU ACCLAIMED

The Alsea, Oregon farm bureau program and achievement have been heralded over the state and much of the United States as the ideal of what a community may undertake and do for itself. Eleven months ago after two years of unsuccessful effort, the community asked for and received the message of better farming and farm life from the agricultural college extension service. The specialists took things exactly as they were in the district and with the aid of local farmers and county agent, worked out one of the best programs of community betterment ever proposed by a rural community. Reports at the end of the first year show that all goals set have been reached. All work mapped out is shown by official report to have been accomplished with no more than minor changes, and several important additional things have been accomplished.

CROP WASTE HEAVY

More than a hundred million dollars are lost in Oregon and other states by failure to use economically the corn stover and straw from which the seed crops were taken. Use of these by-products as feed and bedding for livestock would greatly increase the profits of farming, says the O. A. C. farm management department. About one-third of all straw grown in the country is used to a disadvantage either by burning or plowing under directly. Its best use is through livestock—dairy cows and heifers, and sheep, especially.

HOME-MADE XMAS GIFTS FOR MOTHER

on BOTH upper and lower bowel it removes all foul matter which poisoned stomach. Relieves ANY CASE sour stomach or gas on stomach. Often CURES constipation. Prevents appendicitis. F. B. Flanery, druggist.

"I don't like my caddy, he laughs every time I play badly."
"I noticed he had a perpetual grin."

Flying Motorcycle.

We are likely soon to see cyclists taking the air in a very literal sense. In fact, the flying motorcycle (an Englishman's invention) is already an accomplished fact.

The machine, which weighs 220 pounds, is equipped with a plane and propeller, so that, when at full speed, its rider can launch it into the air.

This cycle monoplane carries an engine of 40 horsepower, and can fly for two hours at 65 miles an hour before exhausting its fuel supply. The plane and propeller are readily detachable.—Exchange.

Panther Defeats Aero Squadron.

One panther, fighting for her cub, inflicted defeat upon the One Hundred and Fourth aero squadron at Sanderson, Texas. The aviators decided to get the cub for mascot, but beat a hasty retreat when the mother cat came to the rescue. The engagement was the subject of a War department dispatch.

Classified advertising pays.

Catarrh Can Be Cured

Catarrh is a local disease, greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work.

All druggists. C. F. Cheney & Co., Toledo, Ohio.

the faults than the girls. Joint efforts of child, mother, and nutrition advisor are essential to successful correction.—O. A. C. child welfare.

Powdered/lead arsenate is usually better than the paste forms. If the user is remote from the place of manufacture the paste is very likely to have been partly dried out or frozen before it is used. A solution of 1 pound of acid lead arsenate to 400 gallons of water proved effective in killing small tent caterpillars.—O. A. C. farm chemistry.

GIVES WIFE Glycerine Mixture

A retired merchant whose wife suffered for years from catarrh of the stomach finally gave her simple glycerine, buckthorn bark, etc., as mixed in Adler-ika. ONE bottle produced great results. Because Adler-ika acts

FARM AND HOME REMINDERS

Fall is a good time to get land in shape for irrigation next season. If the land is rough or raw a moderate amount of leveling is required. The fertility of the stripped areas can be restored by fertilization and crops.—

Variations as high as 20 per cent are found in calcium sulfate of land plaster brands sold on the Oregon market. To be equally effective it is necessary that enough more of the lower grades be applied to the soil to make the amount of calcium sulfate equal to that obtained in the high grade brands. The content varies from 78 to 98 per cent. The bulletin, "Commercial Fertilizers."

It cost a Hood River grower 76 cents a tree to spray his orchard seven times in the season, and he got 95 per cent fruit free from leafroller, codling moth and apple scab injury. His neighbor under like conditions paid 55 cents a tree for seven sprayings. He saved 21 cents in spraying but lost 104 cents per tree in damaged fruit, having but 82 per cent injury free.—O. A. C. station.

Malnutrition of children is more pronounced in the upper than in the lower grades of the Corvallis schools. The girls of the upper grades are more underweight than the boys, and the boys are more eager to correct

Invitation to All

Our Bank extends to every man, woman and child, in this city and community, a cordial invitation to come in and join our new CHRISTMAS CLUB.

This is the most popular plan ever devised for having money next Christmas and enables those of small means, those in moderate circumstances and also business men to lay aside money by systematic deposits each week.

To Join Is Easy—No cost, No dues, No red tape.
