the things you need at the time you need them.

Do you remember that a few years ago when prices were soaring the East was paying more for their living every day than you were, but your day came to pay the price that he had paid. Now the East is buying a little cheaper than the West but things are moving this way. The

thousands of idle men in the east may eventually be seen in the West. I have seen it so and observed the westward course of both prosperity and hard times. You may now be able to buy some of your groceries cheaper in the east than at home right now, but that can only last a month or two; these matters are gradually adjusting themselves. You were willing to buy at home when the east was paying for their living

### CABINET SHOP

Go to H. E. Pitts' cabinet shop, corner Fourth and C streets, for your Sanitary Butter Mold, kitchen cabinets, kitchen tables, English breakfast tables and general cabinet work.

25% or even 50% more than you were paying. Why not buy them at home now and wait the natural readjustment.

You say your wages were cut in a lump. True they were. But long before your wages were cut the lumber market slumped and the farm products slumped and you have been getting the benefit of it.

Do you know that thousands of business failures have been recorded throughout the U. S. and that thousands more may be recorded in the reconstruction following the war. Do not feel to bring about any failures but rather help to prevent them.

If I were to tell you that dozens of men draw a greater monthly check today than seventy-five per cent of the business men of our town could write for themselves out of their monthly business, you would call me crazy, but nevertheless it is true.

In one instance that I know of the employe drew \$36 more in a year than the head of the firm drew, and yet this employe only got what he could have gone any where else and obtained for like work.

### GLYCERINE MIXTURE FOR GAS ON STOMACH

## Prosperity

"The prudent penniless beginner in the world labors for wages for a while, saves a surplus with which to buy tools or land for himself, then labors for himself another while and at length hires another new beginner to help him. This is the just the generous, and prosperous system, which opens the way to all, gives hope to all, and consequent energy and progress, and improvement of conditions to all."  
 —Abraham Lincoln.

## Does your dollar do its duty?

Think it over. Have you a financial program? Does a proper part of your dollar go to protect your future? In other words (do not protract the suspense).

## Do you practice thrift?

If you do, you will appreciate its value. If you have not done so, now is the time to begin. National Thrift is dedicated to the proposition of helping every man put himself on the road to security. Read over the Financial Commandments. Read over the Ten Financial Commandments. Think about them! The more of them you adopt, the happier, in all probability, you will be. Here they are.

1. WORK AND EARN.
2. MAKE A BUDGET.
3. RECORD EXPENDITURES
4. HAVE A BANK ACCOUNT.
5. CARRY LIFE INSURANCE
6. OWN YOUR OWN HOME.
7. MAKE A WILL.
8. PAY YOUR BILLS PROMPTLY.
