Certain Advantages of Partial Payment Investing

WE DO NOT KNOW of any other partial payment plan for investing that equals ours for convenience, fairness and financial returns to the investor.

AN INVESTOR ON OUR PLAN undertakes to purchase a definite amount of Gold Notes of the Mountain States Power Co. at the rate of \$5 or more per month. He obtains the notes for the same price as the cash investor. He makes a first payment and receives an ownership certificate upon which his subsequent payments are endorsed.

DURING THE PAYMENT PERIOD each deposit as made earns interest for the investor at the rate of 8% per year from the date it is paid in. When the payments are completed the ownership certificate is exchanged for the Gold Coupon Notes, paying a return of 8% a year.

IF AN INVESTOR cannot, or decides not to complete his payments, he has the privilege of withdrawing his funds, in which case he receives them back in full with 4 per cent interest added for the time the Company has had the use of his money. There is no forfeiture or loss.
