## In Society

On Saturday afternoon of last week, Mr. Clair S. McHenry of Harrisburg and Bertha B. Lindley of Springfield, were united in marriage at the home of Mr. and Mrs. F. A. Fisher, at the corner of 8th and G streets.

It was a quiet home wedding, only a few relatives and friends being present. There was also the spice of surprise in the affair, even the host and hostess being ignorant of the fact that such an important and romantic event was to occur at their house until a few minutes before the hour set for the wedding.

Rev. T. D. Yarnes, pastor of the Methodist church performed the ceremony.

A very delightful evening was spent at the city camp ground by a party representing the choir of the Methodist church, on last Tuesday, in honor of Mrs. Anderson, who is today leaving for Chicago to join her husband, who some time ago took a position in that city. Dr. and Mrs. Pollard and family, Dr. and Mrs. Emery, Mrs. Van Valzah, Rev. and Mrs. Yarnes and family, Annie Robbins, Wallace Halsey, and Mrs. Anderson and daughter, Dorothy, sat down to a delightful supper, and afterward spent the evening in games and sport. Mrs. Anderson and her daughter, and Wallace Halsey are driving through to Chicago by auto, and plan to visit Yellowstone National Park, and other points of interest enroute.

One evening last week the Methodist choir were entertained at the parsonage after rehearsal, and a very delightful evening was spent in honor of one of their members who was practicing with them for the last time. Mrs. Anderson, who has been a member of the choir for about a year is leaving this week for Chicago, and a little surprise was sprung on her when, upon leaving the church, the procession was headed for the parsonage. Refreshments appeared in due time, and the guests took their departure.

## Willard Batteries

### Which Battery?

You won't be satisfied with a car unless you are satisfied with the battery.

The Willard Threaded Rubber Battery not only gives the right service to begin with, but keeps on giving it, and actually outlasts the battery plates.

The plates are insulated—not merely separated. And the Threaded Rubber Insulation neither warps, cracks, nor punctures, because unlike wood separators, it is not affected by battery acid.

Drive around. Ask questions. We give authorized Willard Service.

## Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.
