400 to 412 Dekum Bldg.

**A SCOUT IS TRUSTWORTHY.**  
Beaumont, Texas, scouts were asked to undertake the delivery of telephone books. "We used to go out into the streets and get the first kids we saw who weren't busy, to do the job," says the manager of the local telephone company. "As a result we frequently found a number of books that had been thrown away, and their loss was costly. So now we have the scouts deliver the books because we can trust them." Worth while praise that and worth deserving.

**COLLEGE OFFERS FORESTRY SCHOLARSHIP.**  
The New York College of Forestry of Syracuse university offers a four-year scholarship to the boy scout of the state of New York who is recommended by the national council and approved by the faculty of the college. The scout who is fortunate enough to receive this scholarship will have all laboratory and tuition fees paid, and will be supplied with books and other equipment free.

**Indorsed by President.**  
The Lee highway project has been indorsed by President Harding as an appropriate memorial to the southern leader, born in Virginia 114 years ago.

**Cost of Maintenance.**  
The annual cost of road maintenance in New York state, which includes merely the lighter repairs, aggregates about \$3,500,000.

## BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America.)

### SOME LIVE EAGLES

Troop 15 of Buffalo has passed its ten-year mark and still "going stronger." One of the most interesting features of its organization is its Eagle Life patrol, into which regular troop members graduate on reaching the age of seventeen or on going away to college. These Eagle Life members meet quarterly and have their own officers, organization and constitution, but they also meet with the troop and participate, at least three times a year, in a common program. Troop 15 has several "big ideas." One of these is contained in its slogan, "college for all." At present the troop has 12 boys in college, nine of whom declare that they would not have gone to college if it had not been for the influence of Troop 15. Scholarships amounting to several thousand dollars have been secured through the Eagle scholarship bureau.

Other Eagle departments are a vocational bureau, now in its seventh year, which has filled a real need and been remarkably successful, a travel bureau, which keeps records of journeys, with pictures and data, for the benefit of Eagles or their relatives traveling and the Eagle Troop development, established in 1917, which works through the individual Eagle keeping him active and interested in scouting. Some of the results of this service are: One Eagle a scoutmaster, three Eagles (two of them members of the American Legion) all assistant scoutmasters of Troop 15, five Eagles, assistant scoutmasters in their respective college town, and another, an assistant scoutmaster in the city in which he works.

An extension educational scheme is also another bright idea of the enterprising Eagles, a plan which looks to the encouragement of every Eagle to continue to study after graduation, and in general to enlarge his vision and keep his standards high. Certain annual honors are awarded the Eagles at their June meeting. For instance, the Eagle Feather is awarded the Eagle who has done the most worthwhile work in literature during the year. The Eagle Heart is awarded that Eagle who has done the most during the year to aid in growth and progress of Troop 15. The White Eagle is awarded the Eagle who, out in the world, best upholds the ideals of Troop 15 and the Boy Scouts of America generally for service.

### WHAT SCOUTS ARE DOING.

In Kansas City boy scouts annually participate in the sanitary survey of the city conducted under the auspices of the Health department. Over 500 scouts turned out last spring for this service which included a census of fire hazards and health menaces throughout the entire city. Similar service is being rendered in many other cities by scouts.

Among other things, Erie, Pa., scouts last year built bird houses, conducted a Learn-to-Swim campaign, contributed to the Marne Memorial, aided in Salvation Army and Community Chest drive, acted as aides at Rotary Club convention, decorated soldier's graves, co-operated with the state game warden in planting walnut trees and distributed invitations to foreigners to attend Americanization classes.

Troop 1 of Florence, Alabama, took school census, aided chamber of commerce in checking up Federal census, and instructed 2,500 people in the use and location of fire alarm boxes.

Scouts of Bucyrus, Ohio, made an efficient collection of outstanding library books for the public library, conducted a clean-up in an old cemetery resetting stones and markers, acted as guides and messengers for over 400 delegates at the State Young People's conference.

Boy Scouts of Riverside, Cal., took a tree census, reporting not only number but species and location of each. For five years past they have guarded and patrolled the trails leading to the summit of Rubidoux Mountain, on the occasion of the Easter sunrise service.

### SCOUTS BUILD MOTOR TRUCK.

A scout is ingenious. If anybody doubts it, let him look at the motor truck which some thrifty boy scouts out in Maxwell, Iowa, have recently built out of junked automobiles, with the addition of a damaged stationary engine which they got at a bargain. The car makes only ten miles an hour but it can and does carry a big load of boys and their duffel when they wish to convey themselves to camp or elsewhere. The hand-built car recently made the trip to the state fair with its owners where it aroused much interest.

## "A Man is as Old as his Arteries!"

This statement is literally true because the arteries are the channels through which nourishment reaches the cells and tissue fibres of the body. If you want to renew your youth, acquire vim, vigor and vitality the means are cast right at your hand—by taking an old well tried blood-maker that Dr. Pierce prescribed over 50 years ago. This vegetable compound of native roots is on sale at every drug store as Dr. Pierce's Golden Medical Discovery—in tablets or liquid. You feel its refreshing influence—poisons are cast out of the blood stream and you feel young. Send 10c to Dr. Pierce, Buffalo, N. Y., for trial package.

### Carbon, a Chemical Element.

Carbon is one of the chemical elements. It forms more compounds than any other of the elements. Its compounds are found in every plant and animal, and the branch of chemistry that treats of these compounds is called organic chemistry. With oxygen it forms carbonic oxide, or carbon monoxide, and carbonic acid gas. With hydrogen it forms an extensive class of compounds known as hydrocarbons, which differ widely in their chemical and physical characteristics. The various carbonates occur very abundantly in the earth's crust.

### Figures That Stagger.

It is probable the human population of this earth, itself only a winning atom in sidereal darkness, rises to upward of two billions, and is certainly not less than 1,650,000,000. But how many creatures of all kinds has prolific nature spawned upon its relatively minute speck in cosmos? If Noah took a pair of every living species aboard his ark, how vast an army did he have with him on his great flotilla, and how large must have been that mighty bark?

### The Cuticura Toilet Trio

Having cleared your skin keep it clear by making Cuticura your every-day toilet preparations. The soap to cleanse and purify, the Ointment to soothe and heal, the Talcum to powder and perfume. No toilet table is complete without them. 25c everywhere.—Adv.

### Initials of Famed Pioneer.

The name "D. Boone" was discovered chiseled in a rock at the mouth of a cave in Lincoln county, West Virginia. As the forms of the letters correspond with those found in the rocks of Kentucky it is thought that the famed hunter at one time made an expedition into that section of the country.

### Greatest Zinc Mines in Jersey.

The greatest zinc mine in the world, located in Sussex county, New Jersey, has been worked almost continuously since colonial days.

### Quality and Equality.

From a dramatic review: The play has one of the most evenly balanced casts we have ever seen—all rotten.—Boston Transcript.

### Handicapped.

Another difficulty some people encounter in serious thinking is the circumstance that whenever they are not talking they're asleep.

### Liberality.

Liberality consists less in giving much than in giving at the right moment.—La Bruyere.

### Just So.

When opportunity knocks at the door a good many put on an extra loved jazz record.—Louisville Courier-Journal.

### Giant Insect.

The largest insect known, but now extinct, was a dragon fly, which had a wing-spread measuring two feet.

**Cuticura Soap**  
—The Healthy—  
**Shaving Soap**  
Cuticura Soap shaves without mug. Everywhere 25c.
