A nearby newspaper referred to Hon. Charles G. Dawes, the new national budget-trimmer, as "cussing congress to a standstill." It would seem from this that the president, in his recent inquiry, overlooked the real cause of the "standstill."

Japan is overpopulated. It has been set forth lately, not as a proposition bearing the stamp of the Japanese government, but as being agreeable to Japanese policy, that the colonization of the adjacent parts of Eastern Siberia might be an acceptable outlet for Japan's surplus population. Let's let them do it. There is no government in either Russia or Siberia whose interests we are under any obligation to bolster up. If such a movement would divert the current of undesirable Japanese immigration from our shores and relieve China from the danger of Japanese domination, we should be doubly gainers.

The once famous Mistah Johnson, not the Honorable Hiram, but the dishonorable John Arthur, has been living in retirement for the past year, but has begun again in the last few days to push himself into the limelight. He announces himself ready to begin getting ready to fight anybody that wants to fight him inside of a ring 18 feet square. Mr. Johnson may have had good opportunities to cultivate certain of his muscles in the year just past; but his manner of life did not afford the best facilities for the even, all-round course of training which a man needs to prepare himself for such a bit of strenuous exertions as he would have before him, and he might need more time than he formerly would to lick himself into shape. It might seem that, at his time of life, Mr. Johnson's chances against the present champion were not much brighter than his complexion. But it should not be forgotten that any man who has a jaw and a stomach that will stand a few rounds of pounding can earn a hundred thousand dollars net by being defeated by a present-day champion. Mr. Johnson is probably not overlooking that fact.

Some of banker Stillman's excursions on his yacht "Modesty" have figured prominently in the famous divorce trial. We suspect that some of the persons who have handled the name of the yacht, in the court reports and dispatches, have dropped out the first syllable somewhere along the way. We and others may have committed the same fault in the use of the word "famous," as above.

OF EUGENE

38 years of helpful service

Word of an insignificant fire, in the sawdust near the race, which might as well have been stamped out by the man discovering it, was brought to a couple of the firemen privately yesterday, and extinguished in a minute or two. While the members of the fire department stand ready to drop their own work and run at every call, they have no desire to have a general alarm sounded and the town put to expense, for the sake of the few they would earn, when a little thoughtfulness and prompt action with the means at hand would make it unnecessary.

Mrs. Del Hinson drove to Shedd's Wednesday evening to attend Rebekah lodge there. She will return today.

Geo. B. Larison and W. J. Hill are busy these days hauling balm wood from a point on the McKenzie to the excelsior plant in Eugene. They have the contract for hauling about 400 cords.

The forms for the concrete work on the first story of the new school house are ready throughout. The pouring of the concrete will begin today or tomorrow.

We promised to do our best to set at rest the conflicting and unsatisfactory reports about the birth of a daughter to Mr. and Mrs. J. W. Kinman, of the vicinity of Mabel. It was born on Sunday, June 19. It was not born any more after that. So the report in the Eugene papers of its being born two or three weeks after that date was unauthorized.

A daughter was born to Mr. and Mrs. Glen Ward, at Mercy hospital, Eugene, on the 15th. Mrs. Ward was formerly Miss Jean Fischer, of Springfield.

Miss Frances Paden, of the post-office force, is on a two-weeks vacation visit at Tillamook. Miss Audrey Perkins is filling her place at the postoffice.

Some local occurrences in the lodge line, such as newspapers generally publish, were brought to our attention last week, the day before publication; but when we began to seek fuller particulars, it appeared that there was no way that we could make the simplest statement as to what was occurring and what it signified that would not be challenged by somebody as a misstatement of fact. The questions involved were such as we were not capable of deciding, and we saw no safe way but to make no attempt to report the matter at all.

Arrangements were made towards the end of last week to disband the Sunday morning services at all the churches. A union service was held in the Chautauqua tent at 11 o'clock. Rev. Earl Childers, pastor of the Christian church, preached the sermon, the Methodist choir led in the music and Rev. B. C. Miller, pastor of the Baptist church, led in prayer and read the scripture. Rev. T. D. Yarnes, the Methodist pastor, was not in condition to take part.

another place. As a result the unsightly pile of timbers, taken from the lately rebuilt trestle near the junction, and stacked on Mill street for use in this work, is gone. The workmen may not have violated any ordinance, but they certainly violated a time-honored tradition, which has governed all city work on streets and sidewalks for years past; they cleaned up the litter made by their own work, leaving nothing but two little mounds of chips neatly raked together.

### One Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he can not be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.

### Biliousness and Constipation.

"For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Peppin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally," writes Mrs. Rosa Potts, Birmingham, Ala.
