STATE NEWS IN BRIEF.

Medford.—The Crater lake season is now on full swing, with many visitors arriving daily by train and automobile from all parts of the country.

Salem.—The state library has received copy No. 1 of volume 1 of the "State Line Herald," published at Lakeview on November 13, 1873. This was the first copy of the first issue of the first newspaper published in southern Oregon east of the Cascade mountains.

Salem.—The Oregon Growers' Cooperative association Sunday shipped to the Atlantic coast the second carload of fresh cherries for the season. The cherries were consigned under the Mistland label and were expected to demand the top-notch price in the eastern markets.

Roseburg.—Road bonds in the sum of \$220,000, comprising series 1 and 2 of the \$1,100,000 bond issue voted by the residents of the county, were ordered issued by the county court. The bonds will be dated September 1 and August 10 is the day set upon which the bids will be opened.

Bend.—To stimulate local building and at the same time to pass along to consumers the benefit of the recent mill wage cut, the Brooks-Scanlon Lumber company and the Shevlin-Hixon company Saturday authorized a retail reduction in lumber averaging approximately \$6 a thousand.

Salem.—Fire losses in Oregon, exclusive of Portland, during the month of June, aggregated \$442,200, according to a report prepared here Friday by the state fire marshal. There was a total of 28 fires, six of which originated from defective flues and 14 from causes unknown to the officials.

Cottage Grove.—The product of the Cottage Grove cannery has established a reputation in the general markets, as illustrated by the fact that an order has been placed through a Portland brokerage company for T. Green & Co., of Des Moines, who specified that the berries in the order must come from the cannery here.

Oregon City.—The value of the vegetable crop in Clackamas county for the year of 1920 was higher than that of any other county in the state by nearly \$200,000. Figures compiled by the bureau of the census, just published, show that in Clackamas during the twelve months vegetable crops were worth \$1,562,566.

Eugene.—A campaign for the elimination of the scrub sires of herds of Lane county cattle has been started by the agricultural council of the Lane County Pomona grange. E. J. Moore, county school superintendent, has promised the co-operation of the rural schools and blanks will be sent to each teacher to list scrub sires.

Eugene.—From an altitude of 10,000 feet the largest fire yet reported by the forest fire patrol of the 91st aero squadron, with headquarters in Eugene, Saturday was discovered by the observer of the south patrol. The fire was located near Powers, and the flames, besides a large volume of smoke, could be seen from the plane.

Salem.—There were three fatalities in Oregon due to industrial accidents during the week ending July 7, according to a report prepared by the state industrial accident commission. The victims were E. D. Ose, logger, Dallas; William Hauser, laborer, Klamath Falls, and Eugene Peterson, laborer, Manistique, Mich.

Salem.—Oregon towns that sent national guard units into the world war will have first claim on new units that will be formed, according to George A. White, adjutant-general of the state, who has asked the government for authority to organize units on the 1922 organization program, Oregon having already furnished its maximum number of organizations for 1921.

Monmouth.—J. H. Ackerman, president of Oregon Normal school of Monmouth and prominent educator of the state for the last 35 years, died suddenly at 8 o'clock Sunday morning following a stroke of apoplexy. He apparently had been in good health when he arose in the morning and following breakfast with the family walked out on the front porch for the morning newspaper. He had returned into the house and had read for about 20 minutes, when he was stricken and passed away without warning.

The Uninvited Guest.
One evening I dropped in to see some intimate friends. When I entered the house I discovered to my surprise that they had friends for dinner. Before I could excuse myself their youngest daughter, Elizabeth, asked me if I had been invited to the party. Upon answering in the negative, she said, "Well, why did you come?"—Chicago Tribune.

Eruptions of Kilauea.
The great eruptions of the volcano of Kilauea, in the eastern part of the Island of Hawaii, were those of 1783, 1823, 1832, 1840 and 1868. Kilauea-iki, a companion crater lying a mile north of the main crater, is now extinct.

Despite the fact that a cat rarely moves, it seldom becomes as fat as a dog would under similar circumstances. This is because its immobility is not that of inaction; its nerves are working while its muscles seem at rest.
